Neat Suicide

VERDON, Neb. (AP) — Acting Coroner B. T. Clark said that after Simon Skates, 59, shot himself in the heart with a rifle he apparently ejected the empty shell.

Crop output this year is down about 5 per cent from 1953, largely because of reduced production of cotton and wheat.

TB In North Carolina Is Still A Major Killer

State College Answers Timely Farm Questions

QUESTION: How many strawberry plants will I need for my home garden?

ANSWER: Approximately 100. The minimum number you'd need for commercial production is 1,500, which will plant a quarter-acre.

QUESTION: When should I set strawberries?

ANSWER: In Eastern North Carolina, from December of March; in the west, from March to April.

QUESTION: Can I plant roses in the fall?

ANSWER: Yes, in those sections where the temperature seldom falls below 5 degrees.

Intruder With Pouch

PULASKI, Va. (AP) — The crash of shattering glass brought Carl Haner awake with a start.

Back to bed and breathing easier, Haner came alert at the sound of footsteps on the basement stairs.

Officer I. D. Long's report: "Possum in Haner home. I caught it and let it go on the lawn."

The U. S. Electric power plants count 1954 as their 75th anniversary.

Carl O. Jeffress, North Carolina's 1954 Christmas Seal chairman, has released the following statement on the 1954 Christmas Seal sale which opened Monday and runs through the month of December.

"Every citizen of North Carolina should join hands with the little children on the 1954 Christmas Seals in the struggle against the chain of tuberculosis infection.

"Tuberculosis is still a major problem and will continue to be if complacency blinds us to the fact that tuberculosis—one of our oldest killers—is still at work every day in North Carolina.

"Drugs, improved surgery, and better treatment have helped, but they have not won the fight.

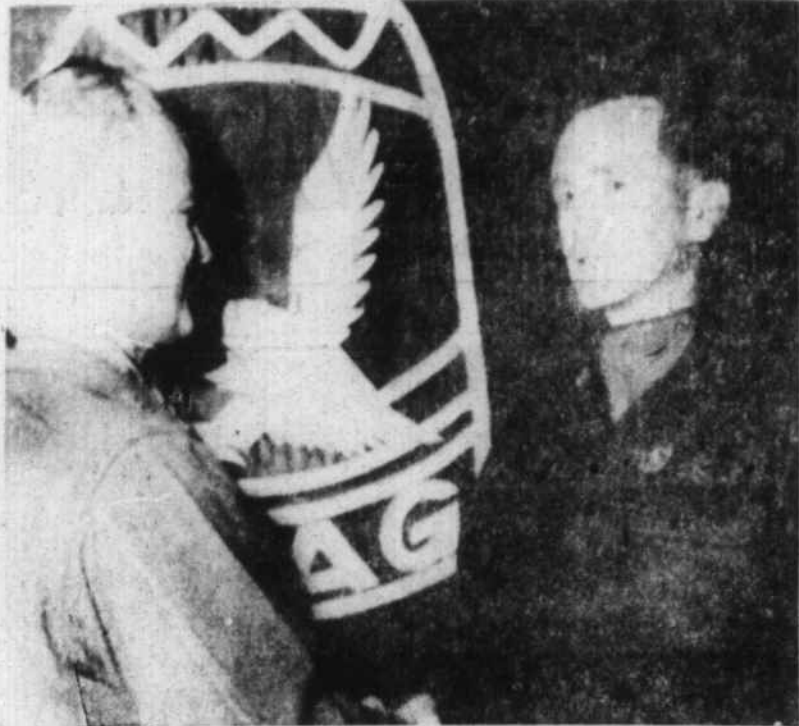

"Consider these facts: "In North Carolina last year, a new case developed every four hours for a total of 2,001 new cases.

"There was a death from tuberculosis for every day of the year. In fact, there were 11 deaths every 10 days, or a total of 402 deaths in North Carolina.

"There were 1,715 new patients admitted to the North Carolina sanatoria last year. They stayed in the sanatoria for an average of 156 days each.

"Through the purchase of Christmas Seals, you can join hands with others in the fight against tuberculosis. I urge you to buy and use Christmas Seals to protect yourself and your family."

There are 65 artificial breeding associations in North Carolina.

AFTER RECEIVING the Bronze Star Medal for meritorious service, Lt. Col. Walter K. Cathey (right) is congratulated by Colonel Adam S. Buynoski, deputy chief of staff in the Korean Military Advisory Group (KMG) in Taegu, Korea.

Talkative Neighbors

KNOXVILLE, Tenn. (AP) — The day of the country party line is rapidly becoming history, but apparently users haven't changed much since crank-and-talk days.

"Why, even in Nashville we don't have to read the papers to tell when the dollar-day sales are on," says Sam Youngblood, Tennessee general manager for the phone company.

"Through the purchase of Christmas Seals, you can join hands with others in the fight against tuberculosis. I urge you to buy and use Christmas Seals to protect yourself and your family."

Artificially bred dairy cows in North Carolina average 268 pounds of milk more than their mothers.
