Canton Church

Construction is under way on a Youth Building for the Wesleyan Methodist Church on Newfound

The new structure is being built behind the church on Walnut Street. It will be a one story building. 21 x 40 feet, of concrete blocks and brick construction. The inside will be plastered.

The main part of the building will be a recreation room large fantry. enough to accommodate about 75 people, with a large fireplace and mantel located in one end. The Patterson of Canton, Carl Welte, other end of the building will Howell (then a captain), W. F. comprise two rest rooms, a utility room and a hall.

This is a youth sponsored project with the building to be used primarily as a youth center, and will be an asset to every organization of the church and to the days in service. local community as well.

The pastor, Rev. R. H. Kindschi hopes also that the Sunday School will so expand that the new building may well be used for extra class room space.

Club, and Dave Hyatt of Waynesville. J. E. Anderson of Canton conducted the table topics portion of the program which was evaluated by Ray Ellis, president of the Waynesville Club. Harold Crutcher of Asheville was grammarian and Ernest Messer of Canton gave the master evaluation.

Speech evaluators included Pieter Mulder of Asheville, Frank Vokes and Zane Hall of Canton, and Ray Pleiness of Waynesville.

THE LEADER WAS SELECTED CAREFULLY

During the days of the pioneer . . . and in the early years of this century . . . when the task of crossing the unsettled country was extremely dangerous and the trail to the West was blazed by hit-or-miss routes the settlers always insisted on having the best scout possible to lead their wagon train . . . one who knew the trail and had led other successful trains. They knew the success of their trip depended upon

And so it was with the merchants of this State in 1902 . . . they chose to follow the N. C. MERCHANTS ASSOCIATION . . . just 50 of them . . . and now approximately 7.000 . . . And true with ADVERTIS-ING. The wise merchant refuses to risk the loss of his business with hit-or-miss advertising. He plans his advertising carefully and then he selects as his leading advertising medium the one that has been proven to be the most powerful and the most successful of them all ... the NEWSPAPER, OF COURSE!

and remember . . . Your newspaper, like your local and your State Merchants Organizations, is constantly working to serve you!
