New Trends In Sweaters

By VERA WINSTON

THE long torso look is very much at home in sports and casual clothes because of the Chanel designs which have influenced the whole range of current fashion. It is very evident in this sweater of fine lamb's wool in orange with charcoal trim. The skirt is of charcoal gray tweed flecked in orange, a nicely handled and good color scheme. The slit sides of the sweater have a button closing. Good country twosome.
