City Sponsors Tours

PHOENIX, Ariz. (AP) — City officials believe Phoenix is the only municipality in the United States sponsoring sightseeing and historical tours.

Louis Messinger of the Phoenix Parks and Recreation Department suggested formation of the Visitors Club a year and a half ago. He started it as a hobby. Now it is a regular organization sponsored by the city.

Visitors are taken on weekly tours to points of interest. Messinger goes along as guide and narrator.

Each tour is limited to 30 persons in a city bus. One of the features of the tours is a picnic, with food and coffee supplied by the Parks Department and prepared over a camp fire in the desert.

Although most of those making the tours are visitors from other states, there is one Phoenix couple who take nearly every trip.

Mr. and Mrs. William Haine, who came here originally from the East, and became acquainted on one of the first trips. They continued to take the trips. Last February they were married.

The average Americans drink about 17 gallons of beer a year.

The Bear Facts

LANSING, Mich. (AP) — Fewer deer but much more bear were killed in Michigan's 1954 big game season in the northern peninsula above the Straits of Mackinac. The bear kill was 9,989 compared to 10,851 last year. Hunters bagged 407 bear compared to 331 the previous year.

Money Talks

DETROIT (AP) — Marcel Bonin, fiery French forward of the Detroit Red Wings, has difficulty with the English language, but he signed his hockey contract in record time.

"I no can understand the words," Bonin said. "But, ah! Those figures are easy to read."

Defies U.N. Order

ROGER HOSTE is shown talking with reporters in Panmunjon, Korea, after he refused to return to the United Nations command at the Military Armistice Commission Secretariat meeting. Hoste was one of two Belgian soldiers under U.N. command who were captured last summer when they strayed across the truce line. (International)

Farm Bureau To Sponsor Contest In Public Speaking

To promote public speaking in county high schools, an oratory contest is to be sponsored by the Haywood County Farm Bureau, it has been announced.

The three announced subjects for the contest are:

1. "Value of Farmers' Organizations."
2. "Why Farmers Should Organize."
3. "Farmers — Their Future Through Organization."

Talks to be of seven-minutes duration, must be delivered orally from memory, and two typewritten copies of the talk must be submitted to the Farm Bureau.

Elimination contests will be held in each of the six county schools, with winners to compete in a county-wide contest.

Prizes will be awarded to school winners and the county winner and runner-up. A \$25 U. S. Savings Bond will be presented to the top

boy and girl in the contest.

Dates for the contests and other details will be announced later.

Gridiron In His Blood

WACO, Tex. (AP) — "Stout Steve" Owen, inventor of football's umbrella defense and former coach and player with the New York Giants, just can't stay away from the gridiron. He has been added to the staff of Baylor for spring training.

Head coach George Sauer said Owen would assist with the players on the field and lecture on defense. Owen played with the Giants six years and coached them 23 years. His teams won nine Eastern and three world pro championships.

Tell It To The Smiths

PITTSBURGH (AP) — The Pittsburgh Pirates listed three players named Hall last spring. This spring they will have three Smiths at the training camp at Fort Myers, Fla.

Infielder Dick Smith hit .294 at Hollywood in the Pacific Coast League in 1954. Outfielder Paul Smith hit .321 with Havana in the International League and outfielder Earl Smith hit .387 with Phoenix in the Arizona-Texas League. They are not related.

Fain Cleaned Bases

CHICAGO (AP) — While playing for the White Sox last year, Ferris Fain smacked a unique base hit. He walloped the only bases-loaded, inside-the-park home run of the American League season.

The incident occurred on June 16 against the Athletics. Outfielder Bill Wilson of the A's missed a shoe-string catch and the ball rolled to the fence. Fain and three base runners scored on the blow.

Carries Much Weight

CHAPEL HILL (AP) — Paul Likens, center on the University of North Carolina basketball team, carries a lot of the weight in the classroom since he's president of the school's chapter of Phi Beta Kappa.

But he's also the heaviest player on the basketball court. He weighs 210 pounds.

Any Track Will Do

MIAMI (AP) — Any type of track is OK with Saratoga — the horse, not the race track. This colt, one of the strong choices for Hialeah's \$100,000 Flamingo, has run his 12 races on six different kinds of tracks. He has won all but one.

This is GULF'S PLEDGE to the motoring public

- We at Gulf make this promise to America's motorists. We will not permit a single competitor—no, not a single one—to offer a gasoline superior to our own superb No-Nox.
- It is our sincere belief that No-Nox is the finest gasoline on the market today, and no matter what others do or say we will keep it the finest—in power, in performance, in engine protection.
- This is not a boast, not a claim. It is a pledge to you, the motoring public—a pledge backed by the resources—and the integrity—of the Gulf Oil Corporation.
