Oil For Water

HOUSTON, Tex. (AP)—It's common to hit salt water drilling for oil. But the Texas Co. hit oil drilling for salt water. It wanted a salt water disposal well but at 1,418 feet the well started to flow oil—19 barrels a day. Magnets made with a cobalt alloy can lift 16 or 17 times their own weight.

I have worked seven years for the Town of Waynesville, part of that time as a foreman. My present position is Night Clerk at the LeFaine Hotel.

RED CHINESE PREMIER AT BANDUNG CONFERENCE

PRIME MINISTER Chou En-lai (left), of Red China, holds flowers presented to him on his arrival at Bandung, Indonesia, for the Asian-African Conference by Indonesian Prime Minister Ali Sastroamidjojo (right), who met him at the airport. Sastroamidjojo, elected conference president, told the delegates of 29 nations that the stockpiling of atomic bombs would lead to war. (International Radiophoto)

Tucker

(Continued from page one) cent in urban population in a decade compared with only 19.5 per cent for the rest of the U. S. However, even in 1950, the South was still 51.5 per cent rural.

HAZELWOOD

Mr. Tucker also cited some of the predictions for the South for 1975, made by the Southern Association of Science and Industry of Atlanta and presented to the Southern Governors Conference last November:

- 1. The South will gain several thousand new manufacturing plants, employing 100 or more workers.
2. Per capita income of many Southern states will rise above the national average.
3. Southern forest products will be in vastly greater demand.
4. The chemical industry will be centered in the South by 1975.
5. Use of electricity in the South will increase fourfold by 1975.
6. It is likely that another major steel mill will be located in the South by 1975.

Asking the question: "Why do industries want to move South?" Mr. Tucker asserted: "Industries do not want to move South. They do not want to move anywhere, but they are finding it necessary to do so. Industries are being forced to find a better environment in which to operate."

"Again, the answer is people. People like to live in the South. They like the climate and the cultural environment. As pointed out earlier, the population in the South is growing. That means new markets, plenty of cooperative and willing labor, good climate for year-round operation, and increased buying power." Turning his attention to Waynesville and Haywood County, the Chamber official cited these figures:

Car Inspection

(Continued from Page 1) night expressed the belief that county automobile insurance agencies would be interested in financing the cost of the program, which involves only materials such as check lane signs, car windshield stickers, and inspection report forms. Inspection of cars and trucks in check lanes will start May 16 and continue through the month, but drivers will be encouraged to have their vehicles checked prior to that time in garages of their choice. To be checked in the inspection will be brakes, front lights, rear lights, steering system, tires, exhaust system, glass, windshield wipers, rear view mirror and horn.

Hard Money Men

DETROIT (AP)—Burglars who apparently preferred good, hard money looted the Exchange State Bank of Carsonville of \$3,000 in coins weighing 292 pounds. They left behind \$75,000 in bills.

Polio Shots

(Continued from page 1) nesday afternoon. The largest number in one school were scheduled to be inoculated today at Hazelwood School, where 224 youngsters were listed for the first in a series of three shots.

Thirty-two others at Saunook and 45 at Allen's Creek also were to be immunized today.

The total in other county schools through Wednesday was: East Waynesville, 70; Crabtree-Iron Duff, 48; Fines Creek, 51; Bethel, 120; Cruso, 43; Morning Star, 58; Reynolds, 25; Patton, 66; Beaverdam, 69; North Canton, 156; and Pennsylvania Avenue, 115.

Abenstee pupils will be inoculated later in the two health department offices. Miss Dorothy Whisenhunt, secretary in the Waynesville office, said that 1,506 parents in the county originally gave their approval for the shots, but the North Carolina Board of Health later announced that it is sending enough Salk vaccine for immunization of 95 per cent of the 100 counties' first- and second-grade enrollment.

Since the original deadline, Miss Whisenhunt said, 200 more parents have signed cards to have their children inoculated. The vaccine clinics started Monday at the Beaverdam and North Canton schools and will end Friday when pupils at Waynesville Central Elementary, Pigeon Street, Clyde, Lake Junaluska, Rock Hill, and

Ramps

(Continued from Page 1) day than May 8th as far as the maturity of the ramps are concerned," said Parker. A new ramp patch has also been found—50 acres of beauties—and not too hard to reach, the convention officials said. "We still have a good patch in reserve, but this year plan to tap this new area. They are as thick as if they had been planted," Parker said.

In addition to the ramps, there have been about 400 pounds of country ham cured and all ready for the big day on May 8th at Camp Hope.

Right now, the men are getting ready to invade Raleigh with 30 bushels of ramps, and according to Parker:

"If the General Assembly has not adjourned by the 4th, we might take the members a mess of ramps to kinda booster their spirits, and help them on with their work. Ramps are wonderful for giving energy, and the Legislators have been working hard, so some ramps would be timely. We'll get Thad Eure to officially present the lawmakers with the ramps."

Maggie schools will receive the shots. The Haywood County Health Department has arranged and conducted the clinics, with physician members of the Haywood County Medical Society giving the shots, assisted by registered nurses and school and PTA representatives.

A Hearty Lentil Soup Is a Good Meal in Itself

By ALICE DENHOFF 'SPICY' Lentil Soup is a meal in itself. The following recipe is for 10 to 12 servings. Use 1 lb. lentils and, if pre-soaking is necessary, follow package directions. Wrap a small bunch celery tops, few sprigs parsley and pickling spice in cheese cloth. Place with 4 lb. fresh pork shoulder, 2 large carrots, 2 large onions, tsp salt and 3 qt. water in a large saucepan. Simmer until lentils and meat are tender, which requires several hours. Discard cheese cloth bouquet garni, remove meat and keep hot. Puree soup by putting through sieve or colander, or in a blender. Serve with slices of pork. This soup, together with a light dessert such as a fruited gelatin.
