WASHINGTON REPORT

By BILL WHITLEY

ACP PAYMENTS. Legislation is still hanging fire that would keep Agricultural Conservation Payments and acreage allotment penalties separate.

Last year Senator Holland introduced a bill that later became law which makes all farmers ineligible for ACP money who over-plant acreage allotments in any crop.

Early this year, the House was quick to vote to repeal the law. The Senate Agriculture Commit-

tee followed up in short order. Only Senator Holland, who is a member of the Committee, objected to the new bill.

STUDY. A special Senate subcommittee, on which Senator Scott served, held hearings and found that the only opposition expressed was that of the national office of the Farm Bureau.

Scott said that unless the Holland law is repealed, some 150,000 North Carolina farmers will lose ACP checks.

The Senate Agriculture Commit-

3 Naval Reservists Now On Active Duty

Three Haywood County men, members of Naval Reserve Surface Division 6-18 in Asheville, are on active duty with the Navy for their annual training duty.

Chief Machinist Mate J. R. Sorrells and Chief Engineman Gerald W. Mooney, both of Canton, have been ordered to the U. S. Naval Training Station at Bainbridge, Md., for a 90-day tour of special duty.

Seaman Fred W. Clark of Canton reported this week for two weeks of duty aboard the Destroyer Escort USS Tills.

Sorrells and Mooney are employees of Champion Paper and Fibre Company.

THIEVES ARE IGNORANT

PHILADELPHIA (AP)—Thieves who broke into the antique gun and coin shop of John J. Morasco neglected to read up on old coins before doing so. They selected some rare coins and three antique pistols valued at \$200—but ignored other pieces worth five times that much.

Floor that would repeal the law about two weeks ago.

The Senate leadership, because many farmers were then in process of planting corn and other crops, made a move to call the bill for consideration immediately. Senator Holland objected to its being considered on the argument that he planned to offer an amendment. Action was then delayed until after a vote was taken on the Reciprocal Trade Law.

Last Thursday, the bill was called again for consideration. Senator Holland sent a message to the floor that he was still unprepared for final action. Consequently, action on the bill was postponed until this week.

Meanwhile, many farmers are still uncertain as to whether they will be eligible for ACP payments this year.

RECORD. The latest official compilation of Senate voting records show that Senator W. Kerr Scott has been on hand for every roll call vote in this session of Congress thus far.

There are few lawmakers who are able to keep up a 100 per cent voting record due to the rigorous schedule they follow off the Senate floor.

A breakdown of the records shows that Senator Scott answered the roll call each of the 32 times recorded votes were taken through May 1. In only one instance did the Squire of Haw River split with the Democratic Party, line in voting. Scott voted against the confirmation of Judge John Marshall Harlan as an Associate Supreme Court Justice while a majority of Democratic Senators voted for it.

TIME. In addition to making special efforts to be on hand for each roll call vote, Senator Scott spends an unusual amount of time on the Senate floor listening to debate and familiarizing himself with issues before Congress.

The Senator has also spent considerable time presiding over the Senate and acting as majority leader in the absence of Senator Lyndon Johnson of Texas.

don't DO that!

DON'T BE HELPLESS... The feminine appeal is out of place in an office where men and women work together on an equal basis.

Collect your "PICNIC PICKINS"

We knew that good weather was just around the corner so... we planned this special collection of easy to fix, outdoor eating favorites just for you! We couldn't list all the picnic values in the stores so we present for your selection a typical few of the many PICNIC VALUES you'll need. All at Low, Low Prices plus those Savings doublers... S. & H. Green Stamps.
