What Every Father Should Know...

A father (especially a new one) must know a lot of things. Among them, how to stretch the budget to make room for the latest addition to the family. Right here is where he gets an "able assist" from Mom. She has long realized that the best way to make her dollars go further, is to know who's selling what and for how much, around town, before she spends a nickel. To this end, she carefully studies the ads in The Mountaineer. She knows that here is where most stores put their best "buys" forward. Dad is quick to see that this makes sense. Man-like, he even claims it was his own idea in the first place. Now, BOTH start ALL their shopping in the pages of this newspaper. Which makes it a good place for you, Mr. Businessman, to advertise... if you want to sell in volume to growing families!
