

Liberty Baptist Church Education Service Held

By MRS. MILLARD FERGUSON
Community Reporter

True mountain hospitality was at its best last Sunday when the members of Liberty Baptist Church gathered to celebrate the accomplishments of a long felt and hoped for need—a church of their own in their community.

The grading and graveling of a road from Crabtree to Cove Creek made the need acute and two years ago the church built of concrete blocks was erected at what the members thought was an enormous cost, but last Sunday this debt was acknowledged paid with a dedication service.

Rev. Pete Hicks of Canton delivered the dedicatory sermon. The pastor, Rev. Dock Russell offered the dedicatory prayer and the choir from the Ball City Baptist Church of Spring Creek, furnished the special music.

At noon a picnic lunch was enjoyed and the afternoon was given to singing by groups from various churches throughout the area, with brief addresses by Grover C. Davis of Waynesville and Frank Davis of Iron Duff, both of whom has shown much interest in the development of this community.

The record showed a Sunday School enrollment of 150.

Wedding Day Glamor Problems Are Answered

By YIVIAN BROWN
AP Newsfeatures Beauty Editor

After the trousseau has been assembled and modeled for family and friends, the bride discovers that she hasn't given a thought to wedding day glamor.

Letters show that many prospective brides have the same problems. Here are some questions they ask. The answers might help you, too:

Q. I have a very short, Italian-style haircut. I am wearing my mother's wedding veil a month from today and find that it makes me look absolutely scalped and my

hair ends are not long enough to fringe the veil.

A. It might be a good idea to have your mother's veil restyled. If that isn't possible, you can buy or rent a hair piece that may be smoothed around your own hair for the wedding. If these are done properly you can fool anyone, but it is an added expense.

Q. I am overweight and white makes me look huge. We are having a big church wedding and I must wear a white dress to please my family. Can you make any suggestion that might help?

A. A deep V neckline will help cut down the bosom size if that is one problem. A wide panel down the front of the dress will help cut hips. If possible avoid a dress with a big full skirt unless your

waist and bosom are very much slimmer than hips.

Q. Is there any objection to a bride wearing perfume on her wedding day?

A. Not if she chooses the lighter fragrances. One said to be inspired by the soft Chantilly lace of the bride is a sweet gentle scent available in everything from a foam bath essence to a liquid cream deodorant.

Q. I have fallow skin and rather lifeless hair of a faded blonde shade. Is there anything I can do to perk up my looks?

A. Yes. A good color rinse will highlight your hair and complexion too. A deep pink or bronze tan are lovely shades for blondes wearing white. For the pink look choose a rosy amber foundation cream, dab a spot of pink rouge on either cheek, blending it up to the corner of the eyes. Dust powder over all. Use a waterproof mascara to darken eye and brow lashes. Be sure to practice this makeup before the wedding day.
