

Scientist Says 99% Atomic Research Is Constructive

Ninety-nine per cent of the research in atomic energy at the Oak Ridge, Tenn., national laboratory is constructive compared to one per cent for destructive weapons, Dr. Christopher P. Keim said Wednesday in the last of three lectures at the Lake Junaluska Methodist Assembly.

He is director of stable isotope research and production at the big laboratory, operated by the Carbide and Carbon Chemical Co.

"We cannot halt scientific progress, and as the scientist probes the future we must face that future realistically, and whether it is one of despair or hope may well depend on how diligently all of us search for the way and how much

Folk Festival Plans Near Completion

Plans are nearing completion for staging the eighth annual Canton VFW Folk Festival booked for the Canton High School athletic field the nights of July 14, 15 and 16. The annual event will feature a wide variety of contests in square dancing, clog dancing, buck dancing, singing, string bands, banjo picking, fiddling, e'c.

Talent director C. C. Poindexter reports that advance registrations indicate a record number of square dance teams and other entertainers. The square dance teams are headed by Valley Springs, defending champions in the smooth division. Other dance teams already entered include Bethel, Candler, Champion Y Elementary, Champion Y Junior, Ecusta, Enka, Hall Fletcher and Maggie Valley.

The list of entertainers will be headed by "Panhandle Pete", the one man band from Asheville. He is coming to the festival by popular request and is being sponsored by the Farmers Federation. "Panhandle" will be in Canton all afternoon the opening day of the festival to entertain around town.

Preliminaries will be held Thursday and Friday nights in the various contests, with finals booked for Saturday night. Saturday night's program will also feature two beauty contests; one for girls in bathing suits, the other for girls in their square dance costumes.

A long list of prizes and awards will be given away each night to spectators and contestants. These prizes are being made available by the sponsoring VFW Post, with the cooperation of Canton business firms.

The nightly programs will be amplified over the Hal Justice loud-speaker system. In the event of rain, programs will proceed on schedule each night in the Canton High School auditorium.

Canton 4-H Club Member Reports On Colorado Trip

By MARTHA SWAIM, Canton Sr. 4-H Club

Arriving in Greeley after four days and three nights of traveling, we were given a formal welcome at Glenmere park by our host and hostess.

Short welcoming speeches were made by Dr. William R. Ross, president of the Colorado State Teachers College of Education which is located in Greeley, and the Greeley mayor, Oscar Beck. Also present at the welcome in Greeley were, C. G. Staver, State 4-H club leader and the Weld County board of commissioners.

Each of us also was presented a silver dollar from the Weld County Savings Bank.

We were then introduced to our new "families" and briefed on our schedule for the coming week.

We had arrived in Greeley an hour and a half late, which was due to another welcome which was given us on our arrival in Byers, Colo., by 4-Hers and citizens. We had planned just stopping there for a quick lunch in a restaurant and were all certainly surprised when we were given instead an outdoor picnic and a tour of their 4-H center.

Our first night was spent in Paducah, Ky., at the Timbers Motel, and we all enjoyed our stay there. We left Paducah around 7 a.m. and spent our second night in Boonville, Mo., at the Hotel Frederick. We arrived there about 5:30 p.m. and after supper we devoted our evening to swimming at the Kiwanis Club pool.

We departed from the hotel at 7 a.m. Friday and traveled over 500 miles to Colby, Kansas, where we spent our last night before arriving in Colorado. We were all rather exhausted after our long journey, but we found enough energy to tour the town of Colby, before going to bed.

Leaving Colby Saturday we were full of faith we have in God," Dr. Keim said.

He predicted that "the constructive peacetime uses of atomic energy will increase in emphasis," and indicated that vast new developments in the fields of industry and medicine will soon be ready for public usage.

"We are not too concerned about exhausting our resources of coal and oil because nuclear energy is already available and production costs will eventually be comparable," Dr. Keim said. "Controlled climate is also a distinct possibility of the future, and the time may not be too distant when we can tap the sun as a source of heat and energy."

Dr. Keim stated his belief that "nuclear science is part of God's plan for man's development . . . since He has permitted us to progress this far in the field of science, we must continue onward and not hide our heads in the sand."

He added: the impact of God Himself has been the greatest impact of all to me in my work in atomic energy, including the atomic bomb."

White Oak's CDP To Clean Community Area

By MRS. ROWE LEDFORD, Community Reporter

The White Oak CDP held its regular meeting last Saturday, with chairman Robert Fisher presiding. The Scriptures were read by Mrs. Bobbie Hunter and a prayer was led by Odie Fish. Several songs also were sung.

After a discussion, plans were announced for a work period Friday to mow the lawn and erect a fence around the community house.

The program was in charge of Mr. and Mrs. A. L. Bramlett. Prizes were awarded to Floyd Teague, Mrs. Floyd Green, and Leonard Fish.

Guests at the meeting were Mr. and Mrs. Brown Messer of Asheville, Mr. and Mrs. Floyd Green of Panther Creek, and Miss Ina Dotson of Fishersville, Va.

The next meeting of the White Oak CDP will be held Saturday night, July 16, with Mr. and Mrs. France Teague and Floyd Teague in charge of the program.

Boone Harrell, and Bob Bronz from Bluefield, Va., visited Mr. and Mrs. Robert Davis and family.

Rowe Ledford and James Hannah have returned home after a visit to St. Petersburg, Fla.

Mr. and Mrs. Tucker Parton entertained at a birthday dinner Sunday honoring their daughter, June Parton.

The guests included Mr. and Mrs. Clark Messer, Mr. and Mrs. Baxter Conard and children, Billy Joe, Carol and Larry, Mrs. Ellen Conard, Mr. and Mrs. Merritt Parton, Mr. and Mrs. Robert Brown.

We, the White Oak people deeply appreciate the action taken by the State Highway Commissioners and others concerning the Pigeon River Road. It will be a great help to the people of our community.

Mr. and Mrs. Claud Rogers from Waynesville, Mrs. Annie Roe Crowles and two sons, Eddie and Paul, from Lake Stevens, Wash., Sherrill Atkins from Henderson-

all getting rather anxious to meet our "families" with whom we would spend our Colorado week. We all anticipated what our new families would be like and after meeting them none of us were disappointed.

The majority of us are staying on farms within a 30-mile radius of Greeley and are all looking forward to a big week in Colorado.
