

Senator Scott Co-Autho Bill To Assist Women

By BILL WHITLEY

WOMEN. The fairer sex still has a good way to go in the fight for equality although a lot of ground has been covered since women got permission to vote 35 years ago.

A bill was introduced in the Senate this week by Sen. Morse and co-sponsored by Sen. Scott that would chip away still another inequity under which women are suffering.

Under present law, the children of male government workers who die are eligible to get annuity payments based upon the length of government service of their parent.

The same privilege is not granted to the children of a women government workers who die.

UNFAIR. The measure proposed by Morse would erase this inequality and make the children of deceased female government workers eligible to the same benefits of deceased male government employees.

"I don't see any reason at all for this difference in the present law," Scott said, "I was very surprised to find out that women em-

ployes are not given the same treatment as men."

PROSPERITY. A lot has been said recently about prosperity. Many people wonder just what the "prosperity" is being talked about.

The following figures bear witness to what is at the bottom of the "prosperity" list. All are based on statistics for the year.

Corporations income rose 10 per cent; wage earners' income up less than half this much; stockholders' income increased eight per cent; farmers' income dropped six per cent; processors profits were up 10 per cent; the farmers' share of the consumer dollar was down 10 per cent.

BUSINESS. In the world alone, the large corporations (with \$100 million and over) were doing far better than smaller corporations and den businesses.

In the past year failures of the large corporations were up 16 per cent; failures of smaller corporations increased 20 per cent.

\$39,500 Pledged To Presbyterian Building Fund

The Canton Presbyterian Church received a little more than \$39,500 in pledges at the "Forward Step" banquet which was held in the Champion YMCA last night. The campaign, with a goal of \$66,000, is for the purpose of erecting an adequate educational building with facilities also for social and recreational activities.

Cedric A. Stone, general chairman of the campaign organization, presided at the meeting which followed the banquet. The invocation was given by William P. Barnes, clerk of the session.

Brief talks were made by representatives of the different organizations of the church. F. E. Shull spoke on behalf of the session, Howard Smathers the diaconate, Cecil Pierce the church school, Mrs. L. H. Hartshorn the Women of the Church, and the pastor, the Rev. J. Clayton Lime, spoke for the church. The principal address was given by the Rev. B. Blake Breitenhirt of Fayetteville, W. Va., who has been given guidance during the campaign.

Two divisions composed of five teams each and headed by "Majors" F. E. Shull and Howard Smathers will call Wednesday, Thursday, and Friday nights on members and friends who have not yet made their pledges so that all friends of the church will have an

BISHOP JOHN BRANSCOMB

A demonstration of the best known methods of hair and scalp treatments to be given to the citizens of our city.

HAIR AND SCALP AUTHORITY HERE TO TELL TRUTH ABOUT BALDNESS

A personal demonstration will be held from 12 noon until 9:00 p.m. on Sunday ONLY, July 17, 1955, in the LeFaine Hotel in Waynesville, North Carolina by the Merrill Hair and Scalp Consultants of Wichita Falls, Texas.

The Merrill Consultant is being sent here for the express purpose of explaining to the people of our city, the facts and the truth about hair and scalp disorders. He will explain the 18 common scalp disorders that cause most men and women to lose their hair. He will demonstrate the proper methods of hair and scalp hygiene that have been proven successful for thousands of Americans from coast to coast. The Merrill Hair and Scalp Consultants will give you FREE, a complete hair and scalp examination and tell you why you are losing your hair, or why you are having trouble with your scalp.

Hopeless Cases Are Few First, the Merrill Consultant is quick to tell the hopeless cases that they cannot be helped. Once a man is completely, shiny bald, nothing can be done. But teh hopeless cases are few. Because, if the hair roots are still alive, (evidenced by the presence of light, colorless fuzz), the Merrill Consultant can perform what sometimes seem to be wonders. In the private examination, these facts will come to light.

No Charge For Examination The examination is very thorough and highly technical. It requires a full 20 to 30 minutes. And, there is no charge for this examination. After the examination, you will be told the required length of treatment and how much it will cost. After starting the treatment, you will make regular reports to the Merrill Laboratory in Wichita Falls, Texas. An expert will check your progress regularly, and keep in touch with you throughout your course of treatment. As you will be shown at your interview, Merrill offers you a written guarantee of satisfaction.

New Hair Is Permanent "If every man and woman will fol-

low our directions faithfully during treatment, and after finishing treatment, there is no reason why they will not have hair all the rest of their lives," says this authority. "We know our treatments will work from our thousands of testimonials. It all depends on the individual person's faithful observance of a few simple rules."

Guarantee Pledges Results Merrill Hair and Scalp Consultants GUARANTEE, in a written certificate given to each new client, that if you are not responding satisfactorily to treatment at the end of 30 days, that all money paid on treatments will be graciously refunded. "We do this to overcome skepticism," says the Merrill Consultant. "Most of our clients are happy, satisfied men and women, confident that they will regain their hair and remove all traces of inbedded dandruff and other malicious hair and scalp ailments that prevent natural growth. This guarantee is for those who want to be assured that they will get their money's worth, and that is exactly what we intend to give them!"

A Truthful Note Thousands of men and women have been helped by the Merrill methods. Because of their tremendous success in this field, it should be said here that there are some who cannot benefit from these treatments. Any person who is slick, shiny bald, is destined to remain so. If there is any sign of fuzz, no matter how short or colorless, there is a definite chance that hair may be re-grown in time. "We have no cure-all," says our expert. "But if you take care of your hair, we can help you have healthy, normal, lasting hair that you will be proud of all your life."

The Merrill Consultant will occupy a suite of rooms in the LeFaine Hotel in Waynesville, N. C. on Sunday, July 17 from 12 noon until 9:00 p.m. Ask at the desk for the Merrill Consultant and see what can be done for your troublesome hair and scalp condition.

NO APPOINTMENT NECESSARY You need not have an appointment to take advantage of this clinic. All examinations are private and you will not be embarrassed or obligated in any way. Both men and women are welcome.
