Stripes Are Smart

By VERA WINSTON
STRIPES add interest to ever so many clothes categories this season from dance floor to the beach, and that's invariably so when color takes over. Plenty of stripes to add verve and brightness to this blithe beach outfit. The stripes are vertical on the slim pants, which are front buttoned and sit below the knee. The color scheme putty beige with navy and white stripes. Horizontal navy and white stripes are used for the knitted camisole underneath the white cotton knit jacket, neatly bound in navy.
