 Six new films will be available  
 for circulation at the Haywood  
 County Public Library from Aug-  
 ust 15 through September 9, ac-  
 cording to Miss Margaret Johnston,  
 librarian.  
 The films are:  
**LOOK TO THE LAND**, EBF, 21  
 minutes, sound, color. This film is  
 a forceful reminder of the ultim-  
 ate dependence of all our people  
 on the resources of America's land,  
 forests, and water. It calls atten-  
 tion to carefully made plans of  
 proposed programs for redevelop-  
 ment and emphasizes the necessity  
 for recognizing the relationship of  
 things in nature to each other.  
**MALAYA—Nomads of the Jungles**,  
 UWF, 20 minutes, sound,  
 black and white. The moment this  
 picture begins you experience the  
 illusion of actual presence in a  
 Malayan jungle and participation  
 in the every-day life of a typical  
 nomad family. You hear the chat-  
 ter and laughter of care-free mo-  
 ments and you understand perfect-  
 ly how these people plan their  
 lives, anticipate their needs and  
 meet their problems in relation to  
 climate, environment, natural re-  
 sources. This is background. The  
 story centers upon the develop-  
 ment of a boy approaching matur-  
 ity and his preparation for adult  
 responsibilities in which can be  
 seen the same basic needs for  
 skills and knowledge required of  
 any child in any land. GEO-  
 GRAPHIC CONCEPT: In a dense  
 tropical rain forest, man can exist

 Champion Paper and Fibre Com-  
 pany Saturday night. He is a pa-  
 tient in the Haywood County Hos-  
 pital.  
 Winnipeg on an excursion train,  
 the camera carries us across wheat-  
 lands, past lakes, into famous min-  
 ing towns and over muskeg to the  
 port of Churchill. Here the modern  
 explorer is introduced to local wild  
 life—ptarmigan, caribou and white  
 whale—and learns about the com-  
 mercial and scientific activity in  
 this most northerly of major Cana-  
 dian ports.  
**PAINTING TREES WITH ELLIOT O'HARA**, EBF, 16 minutes,  
 sound, color. On sketching trip,  
 Elliot O'Hara shows us different  
 trees in many parts of America  
 and Hawaii. He points out the sym-  
 bols in trees; for example, the ma-  
 ple suggests the letter U, the syc-  
 more branch, a sickle. As he sket-  
 ches, he explains the special tech-  
 niques required to paint different  
 trees and to express their individ-  
 ualities.  
**THE SON**, EBF, 28 minutes,
