more about them in 44 more years."

DETROIT (AP)—Cletus Kennel-ly bossed women around for 44 years. You'd think he'd know all the answers about them.

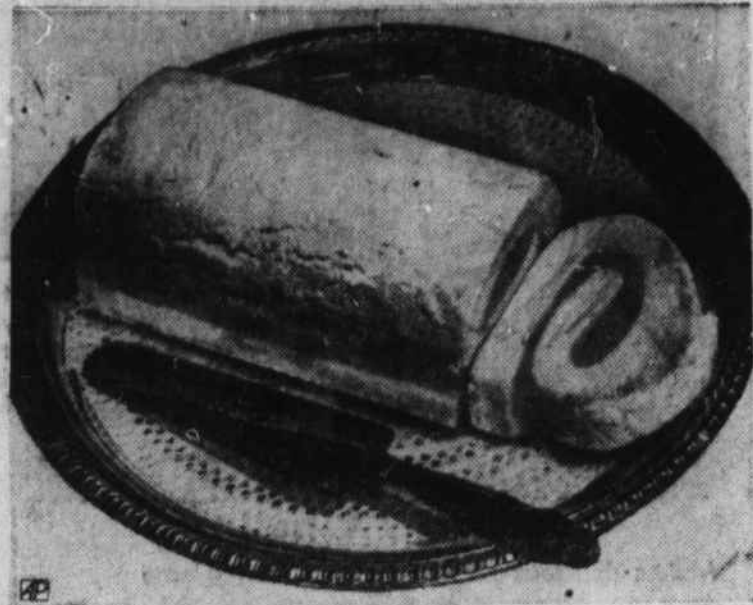

But on his retirement as a traffic manager for the Michigan Bell Telephone Co, he commented:

"I don't think I would know any

But he did give out with one bit of insight he had gained:

Women love kind words and a little flattery—"but they can read through insincerity with frightening accuracy. Don't try to fool them."

**Lemonade Roll Takes The Cake**

LEMONADE ROLL . . . with a tangy filling.

By CECILY BROWNSTONE  
Associated Press Food Editor

**LIGHT AND AIRY** sponge-cake roll with a tangy filling made from a can of lemonade concentrate. That's a dessert to serve to company. Follow our directions carefully and you'll not have trouble in preparing it.

**LEMONADE ROLL**

**Ingredients:** 3/4 cup sifted cake flour, 3/4 teaspoon double-acting baking powder, 1/4 teaspoon salt, 4 eggs, 3/4 cup sugar, 1 teaspoon vanilla, confectioners' sugar. Lemonade Filling, whipped cream or softened cream cheese.

**Method:** Grease bottom of jelly-roll pan (15 by 10 by 1 inches) with salad (not olive) oil. Line bottom of pan with waxed paper; grease paper with oil. Sift together the flour, baking powder and salt. Beat eggs in deep bowl (about 1 1/2 quarts) with rotary (electric or fast-action hand) beater until foamy; beat in sugar gradually and rapidly until as thick as heavy cream and a pale yellow color. Beat in vanilla. Sift a little of the flour mixture at a time over the beaten eggs, folding it in lightly but well. Turn into prepared pan spreading so batter is equally

deep. Bake in moderate (375°) oven just until top springs back when touched lightly with finger and cake tester inserted in center comes out clean—13 to 15 minutes. Do not overbake or paper will be hard to remove. Loosen edges of cake from sides of pan with sharp knife; turn cake over on tea towel that has been spread with confectioners' sugar, easing one corner from pan with spatula. Remove waxed paper at once. Starting with short side, roll cake gently, with towel in it. Allow to stand rolled in towel to cool. Unroll and spread with Lemonade Filling. Roll up cake again without towel; lift towel high with one hand as you roll and guide cake itself with other hand. Place edge side down on serving plate. Serve with sweetened whipped cream or with cream cheese softened with a little milk or cream. The filling is a tangy one and it needs the bland topping suggested. Makes 8 servings.

**LEMONADE FILLING**

**Ingredients:** 1 can (6 ounces) frozen lemonade concentrate, water, 2 tablespoons cornstarch, 2 tablespoons flour, 1/2 cup sugar, 2 egg yolks (slightly beaten) 2 tablespoons butter or margarine.

**Method:** Add enough water to

lemonade concentrate to make 1 1/2 cups. Mix cornstarch, flour and sugar thoroughly in heavy 1 1/2 or 2-quart saucepan. Stir in lemonade-water mixture gradually;

beat with a small whisk or fork until smooth after each addition. Cook and stir constantly over direct moderate heat until mixture come to a boil; boil 1 minute. Re-

move from heat. Beat a little of the hot mixture into slightly beaten egg yolks; beat back into remaining hot mixture. Return to heat and stirring constantly, bring to a boil;

boil 1 minute. Remove and stir in butter. Cool filling for sponge cake roll. Use the Want Ads for
