### THIS OLE CAR

This ole car once knew some children  
This ole car once knew a wife  
This ole car once knew a husband  
And a merry family life . . .

But this family's trips are over  
Picked a dang'rous spot to pass  
Then they saw death's angel peekin'  
Through the broken windshield glass.

Ain't gonna need this car no longer,  
Ain't gonna need this car no more—  
Had no time to fix the brakes up,  
Had no time to fix the door.

Had no time to fix the steerin'  
Or to drive with more restraint—  
Ain't gonna need this car no longer,  
They've been taken to meet the saint.

### Burgess Speaks To Lions On Electronics

The Waynesville Lions Club heard Yates Burgess, head of the electronics department of Waynesville High School, tell of the importance of electronics in this modern era.

Mr. Burgess told the Lions that his class of graduates, which are now scattered all over the country, have all found good paying jobs in electrical fields or are preparing themselves further in this field.

He also told the group that a graduate in the electronic field hardly ever fails to find employment, as all the major electrical concerns in the country can use many more men than is available.

Two classes are held at the high school in electronics, taught by Mr. Burgess. One is for high school students and the other is night classes for anyone who might be interested in this field of training. It takes two years of instruction to receive an electrical license.
