You'll appreciate the atmosphere of cheerful friendliness . . . our efficient, helpful service. Drive in . . . you'll drive away happy.

PHILLIPS 66 BRINGS YOU

Flite-Fuel 

FOR YOUR CAR

Phillips was first to make Di-isopropyl and HF Alkylate. These two fuel components are so valuable to smooth motor performance that until recently they were restricted by government order for use exclusively in high-performance aviation gasoline. But now authorities removed the restrictions. And FLITE-FUEL, with aviation and natural gasoline components, brings you more power, higher anti-knock, longer mileage, freedom from cold stalling, plus the advantages of Phillips 66 controlled volatility.

Enjoy smooth car performance with Phillips 66 FLITE-FUEL.

PHILLIPS 66 ALSO BRINGS YOU TROP-ARTIC MOTOR OIL

New Phillips 66 TROP-ARTIC is the first all-weather motor oil which has proved it meets the most exacting standard ever established for automobile motor oil . . . Mil-O-2104, Supplement 1 level. Compared to ordinary motor oils, new Phillips 66 TROP-ARTIC can reduce ring wear 40% or more. It can cut oil consumption 15% to 45%. It can even double the life of an automobile engine! TROP-ARTIC also saves you money by increasing gasoline mileage. It pays to stop at the station where you see the famous orange and black Phillips 66 Shield.
