Thanksgiving...

Thanksgiving is a day for family gatherings about a festive board... a day for turkey and fixings and a kin pie. But, above all, Thanksgiving is a day to stop and think about a lot of things that we take for granted the rest of the year. Such things as the blessing of abundance, far beyond the rosiest days of our forefathers, who so courageously wrested a foothold in a New World. Such things as the blessing of freedom... for us not a distant but an ever-present reality. On Thanksgiving Day we humbly bow our heads in a prayer of gratitude to Almighty God for all that we have and that we are, all that we can hope to be. Let us reaffirm our faith in our free way of life and solemnly promise ourselves to preserve it unblemished for the generations still to come.

THANKSGIVING 1955

Never Underestimate A Pilgrim!

Perhaps Miles Standish wasn't the first man in the New World to use an Old Idea, but we admire his perception in sending a friend to speak for him. (Praise unhindered by modesty can be so much more generous!)

And this Thanksgiving season prompts us to remember our friends who are constantly carrying the story of KURT GANS to their friends with such enthusiasm and sincerity.

Thank you for your gracious comments and compliments... those you make to us and those you make to others. They inspire us to even greater energy in our efforts to deserve your loyalty and support.

"With thanks to all our customers and friends"

Kurt Gans
JEWELER

Let the Pilgrims of America's infancy be shining examples to all of us here today. Their courage, their humility, their gratitude for the blessings of freedom and bountiful land are engraved upon the history of our country. And the day they set aside for sincere Thanksgiving... may this day retain its true significance for all of us always. May we all give thanks.
