Rabbit Whips Snake

JACKSBORO, Tex. (AP) - Paul Gafford saw a cottontail rabbit whip a big snake.

Here's his story: "I heard a baby rabbit squealing and saw mother cottontail coming fast. . . She grabbed the snake with her teeth. . . She bit and shook the snake just as a dog would have done.

"The snake ran for a mesquite tree . . . The rabbit hung on and was lifted several feet. When she broke free she grabbed a new hold and pulled until the snake tore loose again. . .

"During the fight, the rabbit made a growling sound, similar to small dog.

"I killed the snake."
