

Baptists To Gather Two Days, 21-22

The program has been arranged for the 71st annual session of the Haywood Baptist Association to be held August 21 and 22. Sessions will be held at the Waynesville First, East Waynesville and Richland churches.

The Rev. T. E. Robinett will serve as moderator and the Rev. Otto Parham as vice moderator. Jack Medford will be both clerk and chorister and pianists will be Estelle Mae Gibson and Helen Gaddis.

The opening session will be held at the First Baptist Church, opening at 9:30 a.m. Tuesday with the call to order by Mr. Robinett. The Rev. J. G. Goodwin, Jr., will deliver the annual sermon. Also scheduled for the morning session is a message on missions by M. A. Huggins of Raleigh, treasurer of the Southern Baptist Convention.

The Tuesday afternoon session, also at First Baptist, will be devoted to reports and a business session.

Tuesday evening the meeting will move to the East Waynesville church, beginning at 8 o'clock. G. H. Shope, W. G. Rhomehart and J. H. Hopkins will speak.

Wednesday's morning and afternoon sessions will be held at the Richland church. The Rev. Paul Grogan will deliver a doctrinal sermon, following several reports. The session will convene at 9:45 a.m.

Wednesday afternoon the meeting will open with a devotional at 1:15 and will adjourn following memorials set for 3 o'clock.

Musical Concert Set Tonight At WTHS Stadium

A musical concert will be given Thursday (Aug. 16) in the WTHS stadium, with Charles L. Isley, Jr., directing the community band and Glenn Draper, director of music at Lake Junaluska, directing the community male chorus.

The program will begin at 8 p.m., with the Lions Club in charge of ticket sales.

Director Isley said this morning that Miss Norma Jean Kirkland and Miss Betty Rowland, who have sung as soloists and pleased large civic groups here, will also be on the program.

The proceeds of the concert will be donated to the Recreation Center here.

The program will be built around music for which the public has shown a deep appreciation in the past.

Rural Safety Fair Runs Until 5 P.M. Today

Last-minute details were being rushed to completion this morning in preparation for the Home and Farm Safety Fair set for Camp Hope this afternoon.

Plans include a "bring-your-own" picnic dinner at noon, followed by two dozen free exhibits and demonstrations. Gate prizes will be awarded.

Sponsoring the fair, the first of its kind, is the county Community Development Program.

Demonstrations will range from fire fighting in the home to tractor safety, from kerosene poisoning to swimming.

A special invitation has been extended by the CDP to all county ministers to bring their family and friends and attend the fair.

Mr. and Mrs. Jack Davis and their three daughters of North, S. C., were weekend guests of Mrs. Davis' brother and sister-in-law, Mr. and Mrs. Roy Parkman.

Fair and warm except for a few widely scattered late afternoon or early night thundershowers.

DR. BILLY GRAHAM, left, will preach Sunday night and Monday morning at Lake Junaluska, as the annual Candler Camp Meeting gets underway. Dr. William E. Sangster, right, of London, will preach Monday evening at 8 p.m. and will be heard twice daily during the meeting.

Billy Graham To Speak Sunday-Monday At Lake

2 Million Gallons Of Water Used Daily By Community

Consumption of water in the community is over two million gallons per day, according to G. C. Ferguson, town manager. The meter at the filtering plant has shown about the same flow for the past few weeks.

This is the heaviest in the town's history, Ferguson said. Even with this increase, the supply is still adequate, the town official pointed out.

The new filtering plant and equipment installed about two years ago are keeping the reservoirs filled, Ferguson said.

"If the demand is for more than the present two million gallons, we'll step up the treatment and meet it," the town manager explained.

Bill Milner Accepts Post Of Coaching In Brevard

Missing Girl Home After Reading Mountaineer Story

Jean Woods, 14, returned home this morning after going to Salem, N. J., several days ago, according to Sheriff Fred Y. Campbell.

The young girl was reported missing and the Sheriff had her picture published in The Mountaineer and within a few hours had a tip which led to her whereabouts in New Jersey.

The next edition of The Mountaineer carried a story that the girl had gone to New Jersey with a Haywood County man and that Sheriff Campbell had turned the case over to the F.B.I.

She read the story in The Mountaineer in New Jersey and took the next bus for home. She called her mother, Mrs. Frank Woods, about 8 this morning from Asheville, telling her that she would be home about 8:30.

Following a conference with Sheriff Campbell, the girl was taken before Juvenile Judge J. B. Siler, who placed her on probation and in the custody of her parents.

Sheriff Campbell said that the information that he has will be passed on to the F.B.I. agents who have the case.

GENE LEONARD has been named assistant coach at WTHS, it was announced today. Details on sports page.

Bill Milner, former All-American guard, leaves Saturday to begin his duties as assistant coach of Brevard high school, working with Wayne Bradburn, head coach.

Milner will teach health and physical education in the school besides his coaching duties.

Earlier this week it had been reported that Milner would go to Spruce Pine as coach, but he told The Mountaineer this morning he had not signed a contract there, as he had made certain conditions which would have to be met. He said the Brevard board of education met his requirements, and he gave them his formal answer shortly before noon.

Mrs. Milner and two children will remain here for the present and move to Brevard at an early date, he said.

Milner began his colorful and successful football career in 1936 when he started playing at WTHS as fullback. After finishing here in 1939, he enrolled at the University of South Carolina and played left end. He went to Duke under the V-12 program and in 1943 made All-American guard and in 1946 was on Look's second All-American team. He played for the Marines in 1945, and when discharged returned to Duke as captain of the 1946 team.

After leaving Duke he was with the Chicago Bears for three years; as linebacker for the first two years and in 1949 played end. For the 1950 season he went to the New York Giants as guard and field captain. In 1951 he was recalled into the Marine reserves where he coached (See Milner—Page 6)

Parking Meter Money Runs Into Heavy 'Tonnage'

Parking meter money is almost deposited by the pound, since it consists of only nickels and pennies.

G. C. Ferguson, town manager, making the regular weekly deposit this week, carried in about 60 pounds of change — 9,000 pennies and 1,800 nickels. This is the average deposit for the week at this time of year, and it drops to about half the amount during the winter.

Fourteen new meters have been installed on Church Street; since the street has been widened.

The annual Candler Camp Meeting August 19-26 at Lake Junaluska will feature Evangelist Billy Graham, Dr. William E. Sangster of England, and Dr. Frank C. Laubach, renowned missionary-linguist.

In addition to twice-daily preaching services in the main auditorium, the "old time" camp meeting also will include seminars on evangelism and a School of Prayer for clergymen and laymen.

Dr. Laubach will speak Sunday at 11 a.m. and daily at 9 a.m.

Dr. Graham will speak Sunday night at the 8 p.m. service and Monday morning at 11. Dr. Sangster will speak daily at 11 a.m. and 8 p.m., beginning with the 8 o'clock service Monday evening.

Dr. Sangster is considered by many churchmen to be England's outstanding evangelist. He is a close friend of Dr. Graham and was instrumental in getting the American evangelist established in his first mission to London.

Dr. Sangster became internationally known as minister of Westminster Central Hall in London, one of the city's largest churches. He is a past president of the British Methodist Conference.

Dr. Laubach will preach and lead daily discussion groups in the School of Prayer. As a specialist in literacy, he has assisted churches and governments around the world in campaigns against illiteracy and has prepared literacy charts in more than 160 languages. He is best known for his simple system of adult instruction for illiterates, based on phonetics and picture-word-syllable charts, widely used by missionaries.

The Rev. Frank L. Robertson, Columbus, Ga., will direct the School of Prayer, assisted by the (See Graham—Page 6)

Escapee Still At Large From Road Work Gang

Officers are still looking for a Negro prisoner who escaped from a road gang in White Oak. Two prisoners got away at the time, but one was captured shortly thereafter.

The man was serving an 8 to 9 year sentence from Columbus county for burglary, and began his sentence in 1948. He was reported seen in Big Creek and the Cove Creek areas, but officers and bloodhounds spent many hours searching for the escapee.

The prisoners were cutting right-of-way when they escaped.

40-Gallon Still Nabbed Monday

A 40-gallon copper still, and 180 gallons of mash were captured by Deputies Gene Howell and Vernoa Messer on Monday.

The outfit was all set to make a run, the officers said. The still was hidden in a rough area, and was supplied by water through a 200-yard plastic hose.

"The distillers had a nice place for their operation, and we waited about three hours for them to start making a run of liquor, but they did not show up, so we just poured out the mash, and brought the still to town," the two deputies explained.

All Concrete Poured Into Modern Pool

All the concrete within the new swimming pool at the recreation center has been poured, the W. C. Norris Company said this morning, and the only concrete work remaining to be done is the deck around the pool.

If the last of the filtering equipment arrives in time, the contractor expects to meet the September 1 deadline tentatively set for completion of pool construction. Most of the equipment has arrived, a spokesman said, but a few items have not yet come.

Except for the missing filter equipment, construction is still ahead of schedule, the firm said.

Dedication Francis Cove Church Set

(See picture, Page 1, Section 3.)

The Francis Cove Methodist Church will be dedicated Sunday, August 19, at 2:30 p.m.

The new church was completed three years ago to serve the people of the Francis Cove community. The building grew out of a Sunday School which was held for many years in the little brick school house that stood in the rear of the present sanctuary. It was built some 30 years ago and was used as a school until the schools were consolidated. After that, Sunday School was held each Sunday in the building and preachers from Waynesville came out each Sunday and conducted services. It was also used as a community center for other meetings.

Four years ago a small Methodist organization was completed and a minister assigned to serve it. Plans were made immediately for the erection of a new church building, and in a few months the present structure was completed at a cost of some \$30,000.

The Rev. R. J. Hahn was the first minister of the church and it was under his leadership that the work was completed.

The last \$1,700 of indebtedness was paid off at the beginning of this year, and the building is now ready for dedication. The Rev. L. E. Wiggins has been the pastor of the church for the past two years.

The Rev. Frank Smathers, district superintendent, will conduct the dedication service next Sunday at 2:30 p.m. At the 11 o'clock hour the Rev. R. J. Hahn will preach. A picnic dinner will be served. The public is invited to attend all of these services.

Deputy Finds Missing Boy

A ten-year-old boy reported missing for two days from his home was found on Allens Creek yesterday by Deputy Vernon Messer.

The lad was running from an assistant of Messer's and ran straight into Messer's outstretched arms. He brought him in and turned him over to his parents.

Waynesville First Baptist Report \$60,000 Offerings

REV. T. E. ROBINETT will preside as moderator over the Haywood County Baptist Association meeting on Tuesday and Wednesday next week. He is pastor of the First Baptist church here.

MISS DEANNE HEAD is shown having the crown of "Queen of Lake Junaluska" being fitted on her head by Miss Sylvia Camlin, the 1955 queen. The colorful coronation will be Saturday night at 8 p.m. Details on page one, section two this issue. (Photo by Grenell.)

WNC Burley Field Day Slated Tuesday, August 21

Racing Horse And Car Collide, Rider Injured

Luther E. Knight, 32, of Clyde received painful leg and thigh injuries when the horse he was riding collided with a car about 7 p.m. Monday on the Thickety road near Canton.

Patrolman Harold Dayton, investigating officer, said that Knight was racing his horse and as he attempted to pass a car, met an approaching car and had to cut the animal in too close to the car he was passing, with the collision resulting.

The door handle of the car and its chrome trim were ripped off by the impact. It was estimated the car was damaged \$50.

The horse was only slightly cut.

Knight's leg and thigh were jammed between the horse and the car.

Patrolman Dayton said that he was still investigating the case and that no charges had been made.

The annual WNC Burley Field Day will be held next Tuesday afternoon, August 21, at the Mountain Experiment Station in Rattlesville, it has been announced.

M. R. Whisenant, director of the test farm, will open the program at 2 p.m. with a welcome and introduction of guests. From 2:05 until 2:20 p.m., comments will be made by John L. Reitzel, assistant commissioner of agriculture; J. W. Fitts, head of the soil department at N. C. State College experiment station and P. H. Harvey, head of the crops department.

Orientation for a tour of experimental and demonstration plots of tobacco will be made by W. E. Colwell, assistant director in charge of tobacco research at State College.

Demonstrations will include: Old and new varieties, by R. R. Bennett, tobacco specialist; chemical sucker control and quality plants by S. N. Hawks, Jr., tobacco specialist; fertilizer placement, fertilizer analysis, and manure, by Astor Perry, tobacco specialist; mosaic and wildlife control, by F. A. Todd, plant pathologist; and burley management by Dr. Luther Shaw, Burley research specialist at the experiment station.

Street Noises Excessive, C. of C. Folk Are Told

Directors of the Chamber of Commerce heard complaints Tuesday night of "excessive noise" on the streets here. Some of the complaints were in the form of letters, and others made in person.

C. G. Thompson, president, said the matter would be turned over to the police to handle.

It was pointed out that mufflers other than standard types were responsible for the greater part of the excessive noises.

The directors heard several committees report on various matters, including that of the membership committee.

Montgomery St. Widening Done

The paving of the widened portion of Montgomery Street was completed Tuesday, as was the sidewalks on the street which has been widened 15 feet for one block — from Church to Miller Street. — Church Street was recently widened 20 feet, and has been completed, with new parking meters

14 Injured In A Series Of Accidents

Fourteen persons were injured in four automobile accidents during the past few days, according to reports of the State Highway Patrol. Damage amounted to \$1200.

The greatest number of persons was hurt on Cove Creek when seven required hospital treatment after a car overturned down the mountainside. In a collision at Lake Junaluska, four persons were hurt out of the five in one of the cars involved. Two women received minor injuries as a car left the road and overturned on the Hyatt Creek road. A horse-back rider was injured in an attempt to pass a car.

SEVEN HURT AT COVE CREEK

Seven persons were injured, four of them requiring hospitalization, when a 1948 Pontiac convertible tumbled a hundred feet off the road on NC 284 about a mile east of Cove Creek Gap Wednesday morning about 10:30.

Driver of the car, according to State Highway Patrolman W. R. Wooten, was Jimmy Michel Koebnik, 24, of Route 2, Waynesville, who received a fractured skull and a broken right arm.

Hero of the occasion was 7-year-old Wayne Roscoe Henson, who in spite of lacerations on the right temple, climbed up the bank and ran nearly a mile to summon help.

Also hospitalized were Koebnik's 9-month-old daughter, Ruth Marie, Mrs. Mancee Henson and her ten-year-old daughter, Ruth Elaine, both of Route 4, Waynesville.

Koebnik and his daughter were taken to Memorial Mission Hospital, Asheville, where their condition was reported fairly good. Mrs. Henson and her daughter are at the Haywood County Hospital.

Discharged after dispensary treatment at the Haywood County Hospital were Wayne Henson, Koebnik's wife, Mary Lou, and his four-year-old son John Michel III.

The investigating officer termed the car "probably a total loss," with damage estimated at \$300.

Ruth Marie Koebnik received a fractured right front forehead. Mrs. Henson had lacerations on (See Wrecks—Page 6)

Dr. Laubach To Speak Here Sunday Morning

Dr. Frank C. Laubach, world famous founder of the "Each One Teach One" literacy method, will be the guest speaker at The First Methodist Church here Sunday morning.

The service will be held at 9:30 a.m. to enable members of other denominations to hear the sermon. Dr. Laubach, who is honorary president of World Literacy, Inc. of New York, recently completed a four months tour of thirteen countries in Europe, Africa, and Asia. This will be his first appearance in Waynesville.

Band To Start Practice Monday

The first practice call for the 85-members of the senior marching band of WTHS has been made for Monday morning at 9 a.m., according to Charles L. Isley, Jr., director.

The band will devote a full week to marching in football game formations prior to the opening of school.
