'Letter-Writing Week' Observance Is Requested Here

National Letter Writing Week will again be celebrated in Waynesville this week. Postmaster Enos Boyd announced today.

Commenting on the significance of National Letter Writing Week, Mr. Boyd pointed out that each year since 1898 this event has been observed as a reminder of the real meaning of a personal letter.

Emphasizing the traditional sanctity of the letter mail, Mr. Boyd reminded Waynesville residents that one of the basic American freedoms is the uncensored transmission of their first class mail. It is the most valuable possession of the citizens of a free country.

"We all know the human importance of letter writing," Mr. Boyd stated, "the way in which it holds scattered families together, of giving comfort and love and news to all the people of the land. But its value is immeasurably greater than that. Its implications are almost infinite."
