

THIS WEEK

Don't Think Important Paid for Not Doing \$40 a Month What Do We Want of Japan?

One piece of news in the world is important to the United States...

That news is Amelia Earhart's flight, nonstop in eighteen hours, across 2,400 miles of the Pacific ocean...

If a young woman, entirely alone, without sleep, no assistant to help with navigation, can fly, unscathed, across the Pacific ocean and land in California...

Pennsylvania is an important tobacco state. The government is paying farmers not to grow tobacco...

After you have spent your whole life driven by necessity's lash to produce the utmost possible, this brings sweet peace to have the government pay you for not doing it...

Nobody has yet arranged to pay newspaper publishers for not writing editorials, but that may come.

Washington reports that President Roosevelt's message to congress about pensions for the old will suggest "only" \$40 a month.

The Washington correspondent who says "only" does not know what \$40 a month would mean to millions of old people whose lives are made bitter not by deprivation...

Give \$40 a month to the old that are dependent and you will bring happiness into the last years of millions of lives...

The honorable Japanese chief of information in the foreign office says the United States is planning an attack on Japan.

Uncle Sam, in a mild fit of idiocy, is now giving away the Philippines, Asiatic islands richer in resources than the Japanese islands.

We got those islands from the Spanish war. Should we start another war, spend billions, kill many of our Japanese friends and burn up their country by fire bombardment...

The thirst of the people means profit to the government. Uncle Sam during 1934 collected an average of more than \$1,000,000 a day in liquor taxes...

It is easy to understand why tens of millions follow the trial of Bruno Hauptmann for the kidnaping and killing of the Lindbergh baby with such intense interest.

Eighty-nine Russian fishermen, living on the edge of the Caspian sea, ought to be grateful to the American Wright brothers that invented the airplane.

Along came a big Russian plane, flying low, to drop tiny parachutes that brought food, tobacco and alcohol.

This reporter sat next to Amelia Earhart at a dinner recently, did not recognize her, thought she looked as the French say, "like somebody," asked, "Do you write, fly, or what do you do?"

GERMANY WIN SAAR PLEBISITE - AMELIA EARHART SPANS PACIFIC OCEAN.

By EDWARD W. PICKARD Western News Service Union.

GERMANY won an overwhelming victory in the plebiscite held to determine the wishes of the inhabitants of the rich Saar basin...

Opposition forces, terrorized by fear of reprisals, immediately prepared to leave the Saar as soon as departure of foreign troops removes assurance of protection.

The council still has the final decision on how the Saar shall be governed, and if the minority is larger than 40 per cent, it may yet divide the Saar...

Love of the fatherland won over antipathy to Hitler principles in influencing the voters. The Saarlanders in voting to return to reich rule exchange their personal and political liberties for the regimentation of a dictatorship with its curb on the press, free speech and individualism.

Repercussions of events which will immediately follow the Saar vote are awaited with uneasiness in world capitals.

AMERICA

SWEDEN, apparently, has found a way to beat the depression.

IMPROVED conditions among the corn belt farmers are indicated by a federal report which shows that a gain of \$22,998,522, or more than 30 cents a bushel for each grower, has been realized by farmers in 10 states who availed themselves of the government 45-cent corn loans.

SLIM, toule-headed Amelia Earhart Putnam, holder of a dozed air record, has added to her laurels by making the dangerous west to east Pacific hop.

Amelia Putnam, after she flew her mid-afternoon ship to Los Angeles, home of her mother, unfavorable weather prevented her from continuing to Washington as she had originally planned.
