

# Rain Does Not Stop Whiteville Records

Despite torrential rains that prevailed all last week and Thursday night's storm the Whiteville market ended the fifth week of the present season with a total of 3,242,921 pounds... the greatest amount of the weed ever auctioned off on the warehouse floors of this city in a single week. Not only was a record for weekly sales established, but on Monday September 2nd another high mark was set for one day's sale when this market's buyers bid in 1,081,590 pounds of tobacco before closing time. This was 72,222 pounds more tobacco than was sold here on Monday August 26th when a world's record for three buyer plus cured markets was established. As this paper goes to press reports from Whiteville state that on Monday of this week another million pound day was experienced with Tuesday's sales being almost as heavy. By the end of this week Whiteville's warehousemen state they expect total sales for the season to be, if not beyond the 18,000,000 pound figure... an amount that is 4,000,000 pounds above the total sales for all last season. This phenomenal gain is the greatest shown by any of the Border Belts big markets and is a splendid testimonial to the tobaccoists of Whiteville. It is useless to say that the rapid growth of this market can be accounted for only by the high prices that have prevailed there every since opening day... high prices that have been paid for every type of tobacco offered since sales started and prices that have been consistently high on every day of the week.

Every large manufacturer of tobacco products in the world and every large independent dealer in the world is represented on the Whiteville market this year it seems as if each and every one of these buying companies is eager for the tobacco that has been carried there. Competition has been keen all season, and it can be said that never have partons of the market evinced more genuine satisfaction over their monetary receipts. Through Friday of last week there was only a difference of \$2.14 in the average price that the grower was paid last year and the price that he is receiving on the Whiteville market this year. Monday's and Tuesday's prices were reported to be as high as have been bid and time during the season and the market's average at the close of this week will be closer to last year's figure than it was last week.

Signs of returning prosperity: "Hello, Jim; here's that ten dollars you loaned me five years ago."

Mrs. H. L. Stevens, Sr., and Mr. E. W. Stevens spent the week end at their Cabin at Sneads Ferry. Presbyterian Auxiliary Loyalty Meeting

September has come to mean "Loyalty Month" for the Presbyterian Auxiliary, and every effort should be made to attend this meeting.  
Loyalty to Christ means loyalty to his church and its program. The Auxiliary is endeavoring to promote the whole work of the whole church, and thus to obey his Command to take the Gospel to all people. Will you not show your loyalty at this time by being present on Monday afternoon, September 16th at 4:30 o'clock. And then will you not further show your loyalty throughout the coming months by taking an active interest in all of the Auxiliaries undertakings.

Mr. and Mrs. W. J. Jackson were Kinston visitors last Saturday.

**CONSCIENCE**  
Onward, never slacking, speeding like light, bursting through dense vapors, strange colors, around planets and shooting through vast air-peckets, plunging amid shooting comets as we go rushing back into the past. We tune in with our master radio and are delighted to hear and converse with our friends back on earth. (Now you must remember that all of this is in imagination for at this great distance in reality we could never connect with the earth.) We hear them talking about us, we are told to stand by, and now we are talking with them. How wonderful to think that so quickly have already traveled back thousands of years into the past. Aboard this mighty flying City there is everything to make one happy, all star shows, movies, television, great recreation places, churches and organizations of every kind, and yet not a place of punishment. Although we have a board people of every kind they are obedient to laws hence trouble on this ship is not thought of. We cannot express how thrilling, exciting, how marvelous, this trip is. We are now passing through a white light such as we have never seen before and in the far distance see

Mr. and Mrs. Robert Taylor of Raleigh spent Sunday here with relatives and friends.  
Mrs. S. F. Parker continues critically ill at Memorial General hospital in Kinston.

# TOBACCO CONTINUES TO SELL HIGH IN Whiteville

Every leaf on the stalk is bringing good prices... every day in the week. Tobacco growers are realizing this too—a fact that is proven by the growing popularity of this market.

WHITEVILLE is the only one of the Border Belts Big Markets that has already sold more tobacco than was sold all last season. It is growing more rapidly... Showing a greater increase in sales than any other big market in this belt. THE REASON IS BECAUSE IN —
