"That situation was brought home to the Washington office of the AAA rather strikingly only a few weeks ago. George Farrell, in charge of the wheat section, walked into a butcher shop near his home here to buy a steak.

"Not long ago certain metropolitan newspapers showed a picture of a wheat stack burning on a Missouri farm, and attributed the burning to the AAA. The facts in the case were as follows: This farmer, under contract with the AAA, had more acres in wheat than his contract called for.
