

COUNTY ROSSER

(Continued From Front Page) An unusually smart and bold fair to go places in this old world. He said yesterday that he had about Kenansville, but one of the new fellows has received very little...

How do you like Kenansville's new grocery store? It looks mighty good and has a good stock of heavy and fancy groceries and fresh meats. The proprietors say that their opening week has been very satisfactory.

The FAVORITE OF HUNTERS CAMPERS TOURISTS

When it comes to "showing the way as bright as day" you just can't beat a Coleman Lantern. Handy for every sort of outdoor use at night. It's the joy of hunters, campers and motor tourists everywhere.

Coleman LANTERNS

Famous for that big up to 300 candlepower for 11 1/2 hours. Burns clean, puts out light instantly, equipped with built-in pump. Genuine Pyrex globe, an exclusive Coleman feature.

B. W. Cannady Kinston, N. C.

Say, how did you like that Tulane-Carolina game last Saturday? We think it was swell. And of course we must not overlook Duke. Duke was rated to beat Colgate and Carolina was rated to lose to Tulane.

Recently Hugh Maxwell, playing with his new kodak, snapped some pictures in the TIMES office at night. They turned out to be good so we decided to have a cut made and possibly publish it just to show what an amateur might do if he tried.

After we had the cut made we took our time about publishing it. This week we decided to let it go because it is worrying Sue Nell quite a bit. No we don't think it is all vanity, it's human nature to peek at your picture occasionally if it is laying around.

Health - Half-stick, half-well. Does that just about describe your conditional Somewhat you lack the old-time energy and endurance; the spark and sparkle you need to have.

But don't be discouraged. Very likely there is a deficiency in certain food factors—vitamins or minerals, perhaps—which your Doctor will readily discover. And when you have his prescription, we'll appreciate it if you will bring it to this store to be filled.
