They Give Their Lives—You Lend Your Money"

U.S. WAR BONDS
SECOND WAR LOAN

Is it true, what they say about War Bonds?

THEY SAY — "They, Bill, I heard that in order to pay for the fighting equipment our boys need, each of us should be putting at least 10 percent of our pay into War Bonds."

IT'S TRUE — "That makes sense to me, Joe. Those things cost plenty of dough. After all, one dime out of every buck is a darn cheap price to pay for freedom!"

THEY SAY — "We're not really paying that money to the Government, either. It's just a loan to Uncle Sam, as I see it."

IT'S TRUE — "Sure. You get it back—with interest. Every 3 bucks you put in brings you 4!"

THEY SAY — "That's a sweet investment, I'd say! And when you lend dough to Uncle Sam, you know he'll make good on his IOU!"

IT'S TRUE — "Say! War Bonds are better than dollar bills! They're backed up by the strongest Government in the world—and they make more money for you!"

THEY SAY — "Must be a lot of people owning War Bonds by now, aren't there, Bill?"

IT'S TRUE — "A lot of people? Listen! 50 million of 'em have bought War Bonds—and I'm one of 'em. 50 million Americans can't be wrong, Joel!"
