TOBACCO FARMERS VOTE 3 YEARS CONTROL SAT.

Quinn Gives Report On "Work Or Fight" Program

To all Citizens of Duplin Co.: In accordance with plans made at the meetings held in Kenansville on July 5 and 13, and as Co. chairman, I am taking this opportunity to inform the people of the County, some of the plans which were discussed and adopted for carrying out Gov. Broughton's "Work or Fight" Proclamation in Duplin County, as follows:

A Chairman was named for each section of the County as follows: Warsaw, A. J. Jenkins and Ralph J. Jones; Faison, R. M. Byrd; Calypso, Paul Grice; Wolfscrape, B. P. Summerlin; Gilson, J. W. Waters; Alberson, M. W. Sutton, Smith's, W. O. Houston; Hallsville, Carl Smith; Beulaville, W. G. Jones; Cypress Creek, J. F. Furtrell; Island Creek, L. R. Brown; Wallace, F. L. Boone; Rockfish, Bertice Fussell; Rose Hill, A. L. Ward; Magnolia, Sam Pope; Kenansville and Duplin County, Sheriff D. S. Williamson.

The above Chairmen were appointed to lead the "Work or Fight" Campaign in the County. As proclaimed in the Governor's Proclamation of June 23, 1943, the following are included on these Committees: Judges and all law enforcement officers, Sheriffs, police officers, farm leaders, health and welfare workers, ministers and all other loyal and public spirited citizens who are interested in production of food and supplies for protection and welfare of our country in the armed forces and for early and complete victory for our Allies. It is the duty of all persons to see that every able bodied citizen is at work on a full-time basis.

All citizens of the county are hereby requested to report the existence of any and all vagrants, loafers or idlers to Sheriff D. S. Williamson, or to any of his deputies or to any other law enforcement officer or to a member of the "Work of Fight" Committee. When any vagrancy case has been disposed of by law, the Judge or Justice of the Peace, trying the case is requested to report the same to G. E. Jones, County Farm Agent, who has been appointed a Central Committee to record such cases for the organization, for publication.

Already much progress has been made and a number of persons have been tried and convicted for vagrancy and unless all such persons are engaged in some productive employment, others are subject to be arrested, tried and convicted. C. E. Quinn, County Chmn.

Social Security Board Replaces Million Account Number Cards Each Year.

Several million persons with old-age insurance accounts apply to the Social Security Board, each year, for duplicate accounts number cards to replace those lost, destroyed, or so badly worn they cannot be read, according to N. A. Averis, Manager of the Board's field office, at Wilmington, N. C.

"Although requests for replacements are always granted," Mr. Averis said, "the worker should understand that a little care on his part will help to prevent delay in issuing him a duplicate card. He should keep a permanent record of his account number. In any way he chooses, with such a record he will be able to tell us what his number is, even if he loses his card. With the number, we can replace his card very soon. Without knowing what it is, we have to send his application for a duplicate to the accounting section of the Bureau of Old-Age Insurance at Baltimore, Maryland.

"In making such a request, the worker should be careful to explain that what he wants is a duplicate card, not a new one. Assignment of a new account number to a person who already has one number confuses his account and may result in difficulties in the eventual settlement of his claims for insurance benefits.

Prominent New York Artist Visits County

Miss Ruth Faison Shaw Gives Lecture on the Art of Finger Painting at Faison Sesame Club Meeting — by Mrs. Helen Beems

On Wednesday evening at the Community building, under the auspices of the Sesame Club, Miss Ruth Faison Shaw of New York City gave a most interesting lecture on Finger Painting. Miss Sallie Hill, chairman of art, introduced Miss Shaw, whose parents were well known and related to a number of people. In Faison Miss Shaw illustrated her talk with clever paintings, telling a delightful series of the pictures, as she worked. She gave a brief history of the development of her art, telling how her formulas were derived from old Roman manuscripts from the Vatican. Miss Shaw taught for a number of years in Rome.

Several pictures were done in black and white and several were done, using different colors in one picture. The work is most artistic. The three pictures completed (the same paint and paper had been used for several illustrations) were presented to the Sesame Club. The people of Faison were most fortunate to have had the opportunity to hear and see Miss Shaw. She is nationally known for her work and is a most charming and delightful person as well as a most talented one. Mrs. Moore of Tennessee and Mr. Claude Moore of Turkey, relatives of Miss Shaw, with whom she has been spending several days, attended the lecture.

Editorial

Just because quotas on other crops for 1944 have been lifted it does not justify lifting the tobacco quota. On other crops there is an unlimited demand, but this is not true of tobacco.

When times are good it is mighty easy to overlook the hardships of a few years back. Duplin County and North Carolina are dependent mostly on tobacco for our cash crop. If control falls Saturday and the time arrives when we must have it again much of our acreage allotment will be gone to other states. If control falls South Carolina, Georgia, Florida and other states are going to increase their acreage manifold thus taking our present leadership in this vital weed away from us. Vote for tomorrow by voting for the three-year control in the referendum Saturday. See list of polling places on this page. J. R. GRADY

County Bank Will Receive Withholding Taxes, it is Announced

J. C. Thompson cashier, announced yesterday that the Branch Banking and Trust Co. of Duplin County, with units at Warsaw, Faison and Wallace has qualified as a depository for the United States Treasury, and has been designated as an official receiving agency for the treasury for withholding taxes. Any employer whose withholding tax during a month amounts to \$100 or more may pay the tax at the county bank rather than mail it to the treasury department. Employers whose withholding is less than \$100 will mail their tax to the Collector of Internal Revenue, Greensboro, N. C.

The law on withholding tax reads: "It will be the duty of every employer who withheld during the month more than \$100 to pay within 10 days after the close of each calendar month, every month to a depository and financial agent authorized by the Secretary of the Treasury to receive deposits of withholding taxes."

Branch Bank and Trust Company of Duplin County has received the Distinguished Service Certificate for services rendered in the War Savings Program. The certificate was presented by the U. S. Treasury Department, Cashier J. C. Thompson of Warsaw, heads the Duplin County War Savings Committee and has done splendid work. Duplin meets her quotas every time.

All Gas Coupons Must Be Inscribed Before Presentation

Steps to assure protection against misuse of gasoline rationing coupons have been taken by the OPA in ordering that all motorists and other gasoline users are required to endorse in ink on the face of their ration stamps the license number at the time of receipt of the renewals. The new method of handling gasoline rationings began July 22. All stamps on new ration books and in a book or any other book must be likewise inscribed. In other words, if you haven't done so take out your ration books now and write on the face, not on the back, your license number and your state in ink.

Merchants May Sell Certain Rationed Shoes Without Coupon

The Shoe Rationing Regulation under a new amendment now permits merchants to sell more rationed shoes without the coupon. Rationed shoes in the following classifications may be sold as unrationed with certain qualifications: men's dress shoes, work shoes, youths shoe, and boys shoes; women's, misses, children's and infant's shoes; also some other rationed footwear. Mr. Merchant, don't take for granted that you may begin selling rationed shoes as unrationed from the above information. The correct information as to what shoes and how many you may sell may be gotten from your local ration office. If you have not been advised of this see your local office immediately.

RCAF CARRIES THE WAR 'ROUND THE WORLD

YOUNG Canadians wearing the badge of the Royal Canadian Air Force are flying and fighting in most of the theatres of war around the world. The roundels on the map above show the amazing distribution of R.C.A.F. personnel. Lines on the map of Canada mark the training and operational command headquarters of the R.C.A.F. units in the United Kingdom, the East Indies, the East and in Ceylon. At other important points, large numbers of officers and men of the R.C.A.F. are serving with R.A.F. units in Alaska formations of the R.C.A.F. are serving with the United States Army Air Forces.

During 1943 was a period of intense activity, smashing out of the air to cripple the Nazi war economy. By day and by night convoys of Axis industry and transportation felt the strength of growing United Nations air power. German war plants are being transferred to the east and to the south in an effort to escape beyond the range of the Lancasters and Halifaxes. Plans of the R.C.A.F. bomber group participated in the largest night operation of the year when more than 600 bomber aircraft struck at Pilsen in Czechoslovakia and Munster and Ludwigshafen in Germany. It was good bombing weather, and the attack had a devastating effect on two of the enemy's largest and most important armament centres. There are about 25 R.C.A.F. squadrons serving in the United Kingdom and elsewhere. A majority of R.C.A.F. personnel overseas is serving with R.A.F. squadrons. R.A.F. units in every part of the world include Canadian personnel. Canadians make up one quarter of the "Flying Garrison of Malta." The 1,000th Axis aircraft destroyed by a Malta-based plane was shot down on April 28 by Squadron Leader John Lynch of Alibon, Calif., a U. S.-born R.C.A.F. pilot. About 2,000 Canadian aircraft are taking part in the air battles over the deserts of the Middle East. In a fierce air combat over Tunisia on April 20, Sergeant Michael Askey of Winnipeg, a 29-year-old R.C.A.F. pilot shot down three enemy aircraft. Flight Lieutenant James Francis Edwards, 21, has destroyed 10 enemy aircraft over the Tunisian desert. R.C.A.F. reconnaissance squadrons continue their fight against submarines along the Canadian coast. On April 24 Canadians carried out two of the 13 attacks on Kiska in the Aleutians, a U.S. Navy Department communique stated.
