

# Southern Farm Summary

Most Southern farm products were steady to lower the past week, according to the W F A. Spot cotton declined as activity decreased, down 8 points from a week earlier. Tobacco prices in North Carolina and Virginia were lower on medium and best quality, but advanced on common grades. Southeastern peanuts continued to bring CCC schedule prices.

Fruit and vegetable movement from southern areas was light to moderate. More fall beans from Fla., Ken., Miss., the Carolinas and Va., and more cucumbers from Ga., and La., were moving. Other late small vegetables were beginning to decrease in volume. Apples from Va., and W. Va., were only a third of last year's shipments to the same date. The first Florida oranges and grapefruit were shipped.

Cattle markets were steady to weak on liberal receipts. North Carolina cash buying stations \$14.25-14.40.

Local supplies of eggs continued light at firm prices. Live poultry markets were unchanged. Feedstuffs remain scarce at firm prices. Southern corn is available for home feeding, but very few sales are reported.

## NO MORE HOURS FOR SERVICE STATIONS

Theodore S. Johnson, Raleigh district OPA director, said today that the Petroleum Administration for War had removed the regulation of service station hours of operation.

However, he said, the PAW has asked that service station operators meet with other dealers in their areas and establish local limitations upon hours of operation by voluntary agreement.

## TO LIVESTOCK MEN

Wilmington — All producers, truckers, dealers and processors of livestock in the Wilmington district have been called to meet at 3:00 p.m. on Friday, Oct. 29, at Joe P. Moore School Building in Lumberton, N. C. for the purpose of electing or selecting an Area Livestock Industry Transportation Advisory Committee, it was announced today by G. T. Musselman, District Manager of the Office of Defense Transportation, Division of Motor Transport, for the Wilmington district.

This committee, when approved by the O D T, will advise and assist in directing the movement of motor trucks used in transport-

ing livestock to or from points in the area.

Producers, truckers, dealers and processors of livestock who raise, buy, or sell, transport or handle livestock within the area are entitled to elect or select their representatives on the committee.

The Wilmington area includes New Hanover, Brunswick, Pender, Columbus, Duplin, Cumberland, Hoke, Sampson, Robeson, Scotland, Bladen, Craven, Carteret, Pamlico, Jones, and Onslow counties in North Carolina, and Horry, Dillon and Marion counties in South Carolina.

## What is Politeness?

When in this country on a mission during world war 1, Marshal Foch, was buttonholed by a noisy Westerner who launched a tirade against French politeness. "There is nothing in it but wind," he sneered. Politely countered the marshal, "There is nothing but wind in a tire, but it makes riding in a car very smooth and pleasant." —Counterpoints.

## HOW'S THIS, HUH?

George C. Halkett testified in Suffolk district court that he had surprised his wife another man but "didn't do anything about it because he was a lodge brother." Halkett was opposing his wife's petition for separate support. In commenting on the case, Judge Robert G. Wilson said:

"There's no doubt the lady has been playing around. Her husband has been a very patient man—to put it mildly."

## Small Town

With

## Large Purse

Tabulation of 3rd. War Bond drive reveals that \$128,399.25 worth of bonds and stamps were sold in the town of Rose Hill with a population of only 727, with but three manufacturing of consequence, employing less than 150 people, subscriptions coming largely from farm population.

The drive was conducted by the Rose Hill Women's Club, under the direction of M. F. Allen, cashier of the Waccamaw Bank and Trust Company.

The public schools, who took an active part, bought the most stamps.

## Round-About

A bargain is a good buy. A good-bye is farewell. A farewell is to part. To part is to leave. My girl left me without a good-bye. She was no bargain anyway.—U. S. Naval Training School's Dots 'n' Dashes (Los Angeles).

## Boat from Sky

LATEST RESCUE TECHNIQUE, invented by Britain's R.A.F., is to drop lifeboats from rescue planes. The boats float down by parachutes to American, British or other Allied airmen who have crashed at sea. When they clamber aboard, the men find food, supplies, and an engine which enables them to reach a home port. Many airmen already owe their lives to this ingenious craft.

## CONVICT KILLED DURING FLIGHT

Harlie Whitmore, 25, serving a prison term in Pitt County, was shot and killed last week by Ted Stocks, a guard, when he and two other white prisoners jumped from a truck which was returning them to camp after a days work. Wadell Fillingham and Robert Griffin escaped into nearby woods and were being sought by bloodhounds.

The nation has plenty of people who are ready to help in the emergency if they are paid enough money.

One of the sights our neighbor's wife tells us she has never seen is that of a man violating the speed law with a lawn mower.—Springfield Union.

## — LOST — STRAYED —

One gray mule, 12 or 13 yrs. old, weighs 900 to 1000 lbs. From my place Saturday night. (The old Furrney Jones place, 6 miles north-east of Kenansville.) Return mule and get reward from, D. A. Dunn, Kenansville, N. C. Rt. 1. 11-12-43pd.

## From where I sit...

by Joe Marsh

"Your outfit looked mighty fine in the parade," I told Ed Carey, our fire chief. "Everything polished within an inch of its life, and the men pert and snappy!" "That's how it should be," said Ed. "We have Thursday turnout inspections...and surprise inspections in between!" That sort of supervision is well repaid in the efficiency of our town's fire department. It's like the way the brewers do in this state.

because they're looking for things to be wrong but...well, just an ounce of prevention!

The brewers' self-regulation program is just a form of vigilance that protects everybody. Like the fire department's inspections, it keeps things the way they ought to be.

From where I sit, most people approve of the way the brewers run things these days.

Joe Marsh

They watch all the time, not

## AMERICAN HEROES

BY LEFF

Corporal Walter Bodt's squad was spying out Jap positions in the Pacific. We needed information badly. The squad got it, but was cut off from our lines. Using handkerchiefs tied to bayonets, Marine Corporal Bodt wigwagged the information back. He lost an eye, sustained other wounds from furious enemy fire, but his message was urgent. He stuck and got it through, winning the Navy Cross. Weapons are urgent too, and your War Bonds buy them.

## SUNDAY SCHOOL LESSON

### THE SUNDAY SCHOOL LESSON

By Grover C. Phillips

The first four of the Ten Commandments deal with Man's duty toward God; the last five with his duty toward other men; and the fifth is concerned with the duty of children toward parents.

This commandment may fittingly be called the first law of the family. It demands emulation and respect for parents. The child who will honor his parents will certainly escape many dangers which will beset his pathway.

To honor one's parents means more than simply to obey them. Jesus clearly taught that the support of needy parents is included in the commandment to honor one's father and mother.

To the hour of His death, Jesus' love to his mother remained steady and fervent. In the midst of His own agony on the cross. He thought of her comfort. His heart went out to her and he asked his most trusted disciple, John, to regard her as his own mother. He placed on John's shoulders the care for in her old age that He, Himself, could not give.

Paul calls this commandment, "The first commandment with promise."

Through necessity the lesson for this week was edited.
