

Ceiling in Chickens

Increased 2.2 cents

An increase in the ceiling price of poultry at all trade levels has been announced by OPA. May

prices will be 2.2 cents per pound over former ceilings.

In June, the price will be 1 cent per pound over the old ceiling, and for the rest of this year, prices will return to their old ceilings, OPA said.

NATURAL SODA

The Natural Side Dresser

Over 500,000 tons of Chilean Soda have been brought in for this year's crops. More is expected in time for side dressing, but there are distribution complications. The War Production Board and the War Food Administration control distribution of all nitrogen supplies under an allocation program. Principally, this program takes into account three things: (1) total supply of nitrogen products; (2) their respective locations and capacities; (3) crop requirements. So, if Chilean Soda happens to be scarce in your section, it is a war-time dislocation, a temporary scarcity.

If you haven't been able to get the Chilean Soda you need for top dressing and side dressing, don't blame your fertilizer man. Put the blame where it belongs . . . on Hitler and Hirohito.

A vast supply of natural soda is right where nature put it—in Chile. Large quantities are ready for shipment. Every possible ton of this vital material is being brought here in time for this year's crops.
