EVERETT'S MORE SUGAR COMING

Housewives who have found their sugar stamps temporarily

worthless because their grocer's sugar shelf was bare may take hope now that the WFA promises stepped-up production from the nation's sugar-beet factories in the

West and Midwest. The philosopher rarely worries about what he knows; what bothers him is the extent of his ignorance.

Ah... a neat knack had Ivan,
that hushed back-seat drivin'

Driving that's easy on passengers and cars is one far-reaching good outcome of War!

Handling the wheel and pedals like a professional became a wartime necessity. It favored the car—and quit scaring the rear-seat riders. Now it's a great point of pride. Yet an even more envied proof of fine car-sense is to own an engine that isn't showing its age. That demands sparing your engine from acids; from fiercely corrosive acids inside. You can do it by having your engine OIL-PLATED. All you need is a change to Conoco Nth motor oil...oil that OIL-PLATES.

gine's fine inner finish as if by magic—an effect you must credit to costly pioneer research, responsible for the special ingredient in popular-priced Conoco Nth oil, patented.

You can't apply keener intelligence to the car that must last you, than to equip it with an OIL-PLATED engine—simply by changing to Conoco Nth oil for Winter. Your Mileage Merchant's Conoco station knows your correct grade. Go now. Continental Oil Company

In the extra-limited seasonal driving that's now the rule, your engine "boards" a surplus of acids. Every explosion adds to these acids. You don't drive enough for engine heat to eject them safely. But they won't go hitting right through OIL-PLATING! This highly corrosion-resistant surfacing is attached all over your en-
