### To Mrs. Hinman

We hate for you to leave us  
The very thought makes us sad.  
Worker, teacher, advisor and friend  
In you we've ever had.

There are no words to tell you  
To us, what you come to mean  
But we have gathered here to  
show you  
A small token of our esteem.

When you go we will miss you  
And think of you each day  
And ask the Lord to bless you  
As you travel the upward way.

This, I'm sure is a plan divine  
That your dauntless spirit might be  
A living example to other folks  
Who may need you more than we.

And when you come back to us  
We hope the same bright light  
Will be shining in your eyes,  
Just as it shines tonight.  
Laura Hipp.

### Mrs. Hinman Honored By WSCS

Mrs. Olive P. Hinman, who is to leave soon to make her home in Clariton, was feted by the Woman's Society of Christian Service of the Warsaw Methodist Church, Wednesday evening with a supper and miscellaneous shower.

Upon entering the candle lighted upper room of the Sunday School Department, Mrs. H. R. Hipp, President of the WSCS pinned a beautiful corsage on the honoree and read an inspiring poem that was composed by Mrs. Hipp especially for Mrs. Hinman, commending her on her loyalty to the church.

The table was centered with a white and yellow basket overflowing with gifts and on either end were white burning tapers. Auxiliary tables held bouquets of daffodils and spruce.

## IS LIGHTNING? ZIG-ZAG

Old Jupiter's lightning was Z-shaped. Today's lightning-fast cameras prove that it really flashes beautiful curves. Shows how weather bears watching, and now in Spring, so does the car that must last you! It's time to drain unfit Winter oil, and you'll get far more than an oil change by having your engine's insides OIL-PLATED.

All you need is Conoco Nth motor oil to bond OIL-PLATING direct to working parts—really a built-on layer of lubricant. This special wear protection—a great research achievement—is surfaced to metal by Conoco Nth oil's strong "power of attraction." And Nth oil provides tough liquid film, too.

OIL-PLATING and oil film are both fighting wear every mile.

Then after stopping, when acids want to gnaw any engine, they're curbed by OIL-PLATING—the foe of corrosive wear!

What a big lot of safety from wear! ... to stretch engine life ... to make oil and gasoline last you ... to minimize carbon and sludge ... to help power! Yet Conoco Nth oil costs little more. Fast as lightning, change for Spring. Continental Oil Co.
