### This Man Bain and His Six Years Work

"I see by the paper that North Carolina's beer industry is observing the sixth anniversary of its Self-Regulation program." Bill Webster remarked the other day. "The way those fellows have kept their business on a high plane is sensible and something to be proud of."

"True words, Bill," chimed in Oscar Stebbins. "Colonel Bain, their state director, has certainly shown the beer drinkers how to cooperate for their own good as well as the pub-

lic's. And believe me, they are right with him. I know. The public's with him, too."

That's just what lots of folks are saying. North Carolinians realize that the \$8,000,000 of revenue the beer industry pays to the state every year is a big help. We also appreciate the way the beer industry does business. The beer industry is a good citizen.

There have been problems, a constant parade of new questions to be answered, with no precedents by which we could be guided. There has been shortage of labor, shortage of paper, shortage of repair parts, shortage of time in which we could stop for a minute and think - to find out just where we are and to wonder where we are headed.

There is to be no let-up soon. There will continue to be new problems, headaches not experienced before, plans to make regarding post war policy, what type of new equipment to buy, what labor policy to pursue.

For the past several years our problems have been concerned, chiefly, with production. It has been neither necessary nor expected

dent to do much long-range planning. But from here on we think more and plan carefully.

You will not be fair to yourself if you dive into this storm in a physically and mentally tired condition. So, take off a couple of weeks (Yes, you can, spare the time. "Allah does not deduct from the allotted time of man those hours spent in fishing") and go away with the stern vow to give not one thought to business till you get back. (I know! I know! But you are wrong. It won't go to pot! It will be right there when you get back. Not only that, but it will look better to you.

### Colored 4H Band Has Successful Year

Rose Hill, N. C. - The Negro High School Band, organized under the direction of Joseph C. Walters, during the month of November, 1944, ended its first year with the presentation of a concert during the closing school exercises. Members of the Band are as

follows: Henry Fennell, Walter Kenlon, Zeke Usher, and Sarah Coston, Trombonists; David Graham, Billy Batts, Trumpets; Nicie Batts and Thelma Outlaw, Clarinets; James Bryant, Columbus Jackson, Annie Rochelle, Harry Lee Ephraim, Boney and Willie Dixon, Percussion Instruments; Innon Wells and William Brinson, Basses.

The highlights of the year's activities have been: the purchasing of used musical instruments at a cost of \$300.00. Increasing the enrollment of the PTA, by furnishing music at each meeting. Participating in Bond Drives, Red Cross Drives, War Fund Drives and other patriotic efforts.

The group feels that returning service men and women will need

music to help revive them. In order to do this, new members have been added to the group. They are, Jeff Boykins, Excel Wilson, Lou-

ise Coston, Eva Carr, Louise Dixon, Garnett Murry, Lawrence Coston, Buddy Spearman and Pete

Fennell. Many of the newcomers have shown much progress and promise to be first class players during the next school term.

This 4-H Club Band has the distinction of being the only one of its kind in Eastern North Caro-

lina; that is, one which has been organized among 4-H Club members. Walters, ace trumpeteer

and director, is also the 4H Club Leader. He received his musical training at A. and T. College in Greensboro, N. C. W. F. Johnson is principal of the school.

## V E Day In Europe Means

### Immediate Release Of Many Household Needs

You have heard over the radio and read in your newspapers that many needed household items will be released as fast as possible. Many factories are already converting to home consumption manufacturing. There are many things you need that we will be receiving soon. To be sure you get what you want and to get it first come in and place your order now. We are booking orders in advance and as the merchandise arrives those who have placed their orders will be served first. As a refrigerator, stove, etc., leaves the factory, it will be earmarked or labeled for a certain individual. In other words, we send our advanced bookings to the factory and as the item leaves the factory it is labeled for the person who has placed his order first.

We are expecting in the next 3 or 4 weeks a few electric ranges

### FEATURING NOW AND IN THE NEAR FUTURE

G. E., Westinghouse and Bendix electric automatic washing machines

Philco, G. E. and Zenith Radios

G. E. and Westinghouse electric ranges and washing machines

### IN STOCK NOW

Deming and Dayton gas or electric water pumps

Plenty of flashlights and batteries. Lantern flashlights (the very thing for use around the tobacco barn during curing season)

Expecting shipment of alarm clocks, electric irons and vacuum cleaners any day now.
