MALLARD-BROCK INVITATIONS ISSUED

The following invitates have been mailed out:

Mr. and Mrs. John Marshall Brock request the honor of your presence at the marriage of their daughter Doris Virginia

to Walter Wade Mallard, Jr. Lieutenant, United States Army Air Force on Saturday, the twenty-eighth of July at six o'clock in the evening Grove Presbyterian Church Kenansville, North Carolina

Reception immediately following ceremony at the home of the bride's parents.

No invitations have been issued in Kenansville. The family states the public is cordially invited to the wedding and reception.

Miss Brock Honored

Miss Theresa Gooding was most charming hostess Thursday evening when she entertained honoring Miss Doris Brock, whose engagement to Lt. Walter Mallard has recently been announced.

White snap dragons and gladoli were used throughout the entire lower floor carrying out the traditional color scheme of green and white. Bridal tallies were used to seat the guest after several progressions and scores compiled. Miss Hortense Tyndall was given double deck of cards for high score. Miss Anne Dail drawing low. The honoree was given two goblets in her chosen pattern also corsage of roses and snap dragons.

The guests were invited into the dining room where bridal place cards were used in seating them around table overlaid with handsome lace cloth, using roses in thirteen as center piece flanked on either side with candles in silver candle sticks. Frozen delight and party cake were enjoyed.

MISS BROWN IS BRIDE

The marriage of Miss Rivers Adele Brown, daughter of Mr. George F. Brown and the late Mrs. Brown of Kenansville, to Pfc. S. Joseph Smith, USMCR, son of Mr. and Mrs. S. J. Smith of Suffolk, Va., took place Monday, June 11th, at 2:30 o'clock in the study of the Suffolk Christian Church. Dr. John G. Truitt officiated, using the double ring ceremony.

The bride wore a pale pink gabardine suit with matching accessories and a corsage of orchids.

Miss Anne Brown of Norfolk, sister of the bride, was maid of honor and wore an aqua suit with matching accessories and a corsage of pink roses.

AT Eugene C. Maulds, USAAF, was best man.

The bride is a member of Virginia Hospital Nursing Staff, and the groom recently returned from 22 months service in the Pacific and has engaged in 47 missions against the enemy.

ducting rotation experiments: oats, 2-3 bushels; wheat, 1 1-2 bushels; rye, same as for wheat; and barley, 2 bushels. Rates for winter clover: 29 to 30 pounds crimson clover per acre; vetch, 15 to 25; and Austrian winter peas, 30 to 40 pounds. Fertilization is 200 lbs. of either an 0-12-12 or 0-14-7.

GRAZING CROPS GIVE MUCH CHEAPER MILK

Experience has shown that grazing crops not only give increased milk production with less labor but they also help the animals produce milk at a much cheaper cost per pound, since the animals harvest their own feed.

The secret of good fall and winter grazing are early seeding on good land, adequate fertilization, and the use of relative large amounts of seed.

LIVESTOCK NEED GOOD WATER SUPPLY

Outbreaks of diseases often result from animals drinking from stale summer ponds. Plenty of clean water for all animals is one of the best health insurance measures that can be taken.

BROILER COSTS

AMERICAN HEROES

A SILVER STAR for gallantry in action has been awarded to Pfc. Julius Aschenbrenner, Pinckney, Mich. Although a member of a light machine gun section and therefore only armed with a pistol, Aschenbrenner advanced with several riflemen under heavy fire to knock out a machine gun position in New Guinea. He helped still the enemy fire. Men like that must have weapons, food and clothing. The War Bonds you buy and hold will provide them.

INCREASED 10 PERCENT

The average cost of producing broilers has increased since spring from 76.2 cents for each three pound bird sold, to 83.8 cents says the Economics Department at State College.

PEAR TREE STILL BEARS AFTER 120 YEARS OF AGE

At the home of Mrs. Daisy Merritt, here in Kenansville, stands an old pear tree, and when we say old, we mean old. But the unusual part of the story is that the old pear tree still bears fruit. Mrs. Merritt stated that her mother, who died in 1922 at the age of 75, told her that she used to eat pears from this same tree when she was but a child.

Dr. George W. Truett Will Be Heard Again

The voice and message of the late Dr. George W. Truett will be heard again in a series of broadcasts over Station WBIG Greensboro. These transcribed messages were delivered during the life and ministry of the late Dr. Truett of Dallas, who was unsurpassed as a preacher in the days of his activity so his transcribed messages are unsurpassed in beauty, power and heart-pansion.

UTAH'S METALS

In reckoning the Nation's wealth from which War Bond holders will be beneficiaries in years to come, most people fail to recognize the importance of Utah as a mineral producer. They will be surprised to learn that the value of Utah's total ore in 1944 exceeded that of all other states. It gave the world 500,000 lbs. of copper, lead and zinc worth \$124,333,429. It produced 10,000,000 lbs. of gold output with \$13,361,705 and lead second for copper, \$33,993,000; and \$9,805,000 and silver \$3,619,322. Its ore deposits have scarcely been touched.

CAMPBELL-HANCHEY Marriage Announced

The following announcement has been issued:

Mrs. William Henry Hanchey announces the marriage of her daughter Martha Jane

to Mr. James David Campbell on Sunday, the twenty-second of July

nineteen hundred and forty-five Wallace, North Carolina

The ceremony was performed at the Wallace Methodist Church, Revs. C. T. Rogers and M. J. Murray, performing the ceremony. Traditional music was rendered by Mrs. S. A. Jessup. Only immediate members of the family attended.

COUNTY DEATHS

Mrs. J. K. Carter

Funeral services for Mrs. J. K. Carter, 79, of Beulaville were held Tuesday afternoon in the family cemetery, conducted by the Rev. Mr. Kennedy, Methodist minister of Richlands. Mrs. Carter died early Tuesday morning at the home of her son, J. B. Carter.

Surviving are her son; three daughters, Mrs. W. B. Carter, Mrs. Lynwood Straughn and Mrs. Bertie Edwards, all of Beulaville and several grandchildren and great grandchildren.

Unless small grains are planted after such liberally fertilized crops as cotton and tobacco, they should receive fertilization before planting, say Extension agronomists. The following seeding rates were recommended for small grains to farmers who were con-

Baited Hooks

Two years ago when national legislation affecting schools was proposed (S-637) nobody who favored the bill ever called it the "federal school control bill." That alone would have defeated it. No sincere friend of America's public schools wants them bossed by the national government. The thing was referred to always as "federal aid to education." That sounded much better.

But a great many people were not fooled at all. They had seen bait used to hide hooks before by political as well as practical fishermen. Although the bill stated, right in Section One, that it would be a nice little law if passed and not help any government man, or group of men, grab the schools and run away with them, the platitude was ignored by our sage and seasoned Senate.

Amended by Senate

On the floor of the Senate the "federal aid" bill underwent some changes. As changed, no part of the federal funds therein provided nor any part of the local funds thereby supplemented could be used to make or maintain any distinction between races. That's federal control, beyond dispute. I am not discussing the merits of the amendment. I am saying this: Federal control will follow federal aid as night follows day.

The subject is alive again now. A committee in the House and another committee in the Senate are once more considering legislation that flies the flag of "federal aid to education." Once more I am emphasizing that financial aid to local schools from far-away Washington will bring federal control of local schools in spite of all the protective clauses ever built out of words.

It Is Federal Law

The Supreme Court of the United States, the most powerful tribunal on this war-cursed earth, has established a precedent in favor of federal control. The Supreme Court has ruled that the federal government can control that which it subsidizes. Little, protesting sentences in the preamble of new legislation figuratively fade away in the light of this Supreme Court ruling.

Some people may want to argue that federal aid to schools is not federal subsidy of schools. I maintain that any distinction between the two things is a distinction without a difference. I have learned quite a little about these twin bills recently and about people who advocate their passage. The bills are practically alike and they point to government control like a compass points to the north.

The Entering Wedge

Both bills call for a 300 million dollar annual outlay of federal funds, and it's only a start. Testimony of people who journey to Washington boosting the idea is very clear. It translates the handwriting on the wall. They expect federal aid to grow rapidly after the first bill is passed. I also think it would grow in less than ten years from federal subsidy to federal control.

I am opposed to federal aid therefore for several reasons: (1) It will lead directly to federal control of education. (2) When the national government controls the local schools, the children's parents have nothing to say about what takes place at school. (3) If it happens, popular education, so dearly bought, will be nothing but a handy stepping stone toward political dictatorship.
