

New Clinton Market Off To Good Start

More Than Million and a Half Pounds Sold in Its Six Days; Average \$43.25.

Clinton, N. C. — Heavy sales and high prices still dominate the new Clinton tobacco market, which opened on Tuesday of last week, August 21. A total of 1,700,000 pounds of tobacco has been sold on this market through Tuesday of this week, or in six selling days. The market average through Tuesday was \$43.25, according to Harry M. Campbell, supervisor of sales.

An unusual amount of low grade and damaged tobacco has been offered, due largely to the rainy, damp weather of last week. As much tobacco as has been sold had to be turned away for lack of room in the four warehouses here.

The Center Brick warehouse, operated by N. L. Daughtry, D. B. Sutton, W. L. Kennedy and Guy R. Ross on South Lisbon

REVIVAL SERVICES AT

GARNER'S CHAPEL

Revival services are being conducted this week at Garner's Chapel, with the Rev. J. N. Evans of Wallace Baptist church as the speaker. Singing is being held and led by A. E. Lynch of Buie's Creek.

People of the community heard Mr. Evans in a revival at Calypso last year, and extended to him the invitation to visit their church this year.

Mr. Lynch was for years teacher of voice at Campbell college.

A class in music will be conducted each afternoon at 3 p. m. and preaching is held each evening at 8:30. The public is cordially invited to attend. Services will continue daily through Sunday evening. There will also be a service Sunday morning at 11, also on Saturday night.

The Rev. John W. Lambert of Mt. Olive, is pastor of the church.

street, had its first sale Monday of this week. The opening was delayed because of the fact that the house could not be put in readiness earlier. Work on the warehouse was delayed because of the prolonged rainy season.

All the warehouses have been filled with tobacco this week and farmers have been pleased with prices paid on the local market. No tags have been turned, Sales Supervisor Campbell stated yesterday afternoon.

Dr. Ellen Winston Speaks

To The Kenansville

Woman's Club

"No State can spend money more wisely than to spend it on its children," stated Dr. Ellen Winston, at the Kenansville Woman's Club Thursday night, August 23. Dr. Winston is Commissioner of Public Welfare for North Carolina. She discussed the responsibility of State and County Welfare Departments in placing homeless children in private homes, orphanages and other institutions, as well as administering the Mother's Aid Fund and similar work.

"Public Welfare in North Carolina is peculiarly a local problem, and there are 100 County Welfare Organizations in the State with over 300 welfare workers," said Dr. Winston as she told of the many duties of her department. She emphasized that the Old Age Pension is available only to people over 65 years old who did not have an income sufficient to give them a decent living. There are about 33,000 aged cases receiving aid now and the average grant is for a little less than \$11 per month.

Mrs. Harvey Boney, Chairman of the Welfare Department of the Club presented Mrs. John D. Robinson, of the Wallace Club, who introduced Dr. Winston. Members

USS MISSOURI TO BE SCENE OF HISTORIC JAP SURRENDER

The United States Navy's 45,000-ton battleship, the USS MISSOURI, will end her World War II career in a blaze of glory, today in Tokyo Bay, when she serves as the scene of the historic unconditional surrender of Japan to the United States. Proudly bearing the name of the home state of President Harry S. Truman, the fight-

ing USS MISSOURI has been named by the General of the Army, Douglas MacArthur, Supreme Allied Commander, as the locale of the formal ending of the war in the Pacific. Fleet Admiral Chester W. Nimitz, Commander-in-chief of the United States Pacific

Fleet and Pacific Ocean Areas, General of the Army, MacArthur, for the Allied forces which fought in the Pacific. The USS MISSOURI was launched January 29, 1944. Construction was ordered on June 12, 1940. Her keel was laid on January 6, 1941, at the New York Navy Yard.

of Mrs. Boney's committee (hostesses for the meeting) are Mesdames Dan Davis, Perry Dobson, Daisy Merritt, R. L. Sykes, G. V. Gooding, J. E. Jerritt and Jim Bowden.

Members of the County Board of Welfare, Presidents of Woman's Clubs of the County and husbands of the local club members were guests at the dinner meeting. Mrs. A. T. Outlaw, President of the club, presided. Invocation was pronounced by Captain J. G. Morrison, local Presbyterian minister, who is home on furlough after four years service as U. S. Army Chaplain in the South Pacific.

Lorena B. Vestal,
Chairman of Publicity
for the Kenansville
Woman's Club.

FROM THE COUNTY AGENT'S OFFICE

Seven out of every eleven dollars received from farms in Duplin County comes from tobacco. With disease and insect problems growing worse yearly, it is essential that farmers use every precaution to control these enemies of tobacco producers.

L. F. Weeks, County Agent states that all tobacco stalks should be cut down and disced into the soil as early as possible after the last leaves are harvested. This will aid in destroying the diseases and insects now surviving on the old plants. As early as possible in the fall, a seeding of winter legumes, small grain mixtures or other winter cover crops should follow. If a definite tobacco rotation is not followed, a field should be selected where tobacco has not been planted within three years and seeded to a winter crop, excluding winter legume to be followed next spring with tobacco.

HYBRID CORN:
There has been much interest in hybrid corn production in Duplin County this year. The Experiment Station developed and released recommended varieties this year for the first time. Farmers who are growing these recommended varieties in demonstration side by side with local varieties are as follows: W. L. Miller and Tyson Lanier of Beulaville, L. W. Outlaw, Seven Springs, G. D. Bennett, Warsaw, P. C. Langley, Calypso, L. P. Wells, Mt. Olive, E. V. Vestal and Arthur Whitfield of Kenansville.

Anyone interested in seeing and comparing hybrid corn growing along with local varieties, may visit these farms. The hybrid corn looks very promising through out the county. Some fields will produce approximately 75 bushels per acre.

Terrapin Bug Control:
Farmers will be glad to learn that a new dust (Sabidilla) will actually kill the harlequin cabbage bug (Terrapin Bug) on collards. Some of this dust has been used by local farmers and found to be very satisfactory. Further information about this new insecticide may be obtained from the County Agent's Office.

NOTES FROM DUPLIN AAA
Tractor and Implement tires have been released from rationing. Lewis W. Outlaw, Chairman, Duplin County AAA Committee, announced here today.

Farmers using truck and passenger tires will continue to obtain them through local OPA boards, he stated.

He also announced that distribution control of Crawler tractors was discontinued August 20.

"No applications for Crawler tractors have been approved since July 28, and all applications that were not approved will be mailed directly to applicants by the War Production Board," he said. All applications in State and County AAA Offices will be returned to applicants immediately.

PTA HOLDS FIRST MEET

The Parent - Teachers' Association will meet on Monday night in the school auditorium for the first meeting of the new school year. Capt. J. G. Morrison will be in charge of the devotional service, after which there will be a guest speaker. The Toy Band, under the direction of Miss Fannie Lewis, will also entertain. After

the meeting there will be a social hour to welcome the teachers.

County Case Workers

Get 2-Day Study Course

Mrs. Grace Vann and Mrs. Betty Sue Hunt, Duplin County case-workers were among the group called to Raleigh this week by the State Department of Public Welfare for a two-day course of study of problems relating to work in public welfare. Anna A. Cassatt, State department staff development supervisor, was in charge of the course.

Subjects covered were agency structure and functions, children's problems, personnel regulations, boarding home service for aged persons, public assistance procedure and use of psychological services afforded by the State department.

RED CROSS NEEDS

MATERIAL FOR BAGS

There is an urgent need for material to make utility bags to be used in the hospitals for recuperating soldiers. These bags are

High Point Heroes Speeding Others Home

Cpl. Leslie Smith of Kenansville is in The Group.

Amphibious heroes of four Days are now reaping glory as landlubbers.

The eight-star battle veterans of the Tunisia-to-the-Alps fight are hauling men and material for the Assembly Area Command, and commendations from transported troops prove they still display the same spirit of unselfishness and determination to do their jobs as they did in combat.

They drive 10 to 12 hours daily to speed the redeployment of fellow combat men despite their over 85-point-status -- form the 33-37th, 3338th, 3339th and 3340th Quartermaster Companies, Mobile, (TC). They went through the thick of combat together, and all except the 3338th operates in the AAC Motram, which moves men and material for the five redeployment camps in the Mailly le Camp area, near Chalons. The 3338th works in the vicinity of Reims, France.

But their operations nowadays differ from the ones which netted the array of battle stars, as Cpl. Leslie D. Smith, of Route 1, Kenansville will vouchsafe.

During the critical stage of the Tunisia campaign movement of supplies cramped the Allies advance, threatened the operation, and from impending disaster sprung from the QM companies. Men from Medical, Ordnance, Infantry, Armored, MP and QM outfits teamed to overcome transportation problem and won commendation from Brigadier General A. W. Pence.

made of any strong cotton material, such as cretone, gingham, poplin and twill. Any color or pattern may be used. Material that will cut a bag 12" X 31 1-2" can be used, but if it is any smaller than that, it would not be suitable. Please, if you have any material this size bring it to the Red Cross office in Kenansville and leave it with Mrs. N. B. Boney, secretary for the Duplin County Chapter ARC. The Red Cross sewing is held on Wednesday afternoons at the Kenansville Club building at 3:00. The Leader, Mrs. J. E. Jerritt, urges that any one who can possibly do so, please come and help sew.

Outlaws Bridge Teacher

Receives M. A. Degree

Among six North Carolinians who received degrees last Friday at the George Peabody College in Nashville, Tenn., was Miss Lucy Outlaw of the Outlaw's Bridge Community. She was awarded the Master of Arts Degree.

PFC. HENRY J. POPE

IN PHILIPPINES

Pfc. Henry J. Pope, husband of Mrs. Mary Magdalene Pope of Bowden and son of Mr. and Mrs. Ed Pope of Warsaw, has just completed six months of combat duty in the Philippines. He participated in the drive that liberated Manila, as a member of the 140th Field Artillery Battalion of the famous 57th Buckeye Division.

Pfc. Pope entered the Army in December, 1939, and went overseas in September, 1944, for service in New Guinea. He joined the 37th Division in November, 1944, during the Bougainville campaign of the Solomon Islands. He was awarded Battle Stars for the New Guinea, Solomon and Philippine campaigns.
