Regal Housecoat Saves for Bond

Gleaming white rayon twill makes this a glamorous housecoat. Draped sleeves are deep at the armpole, snug at the wrist. Gold ball buttons and a small, rounded collar trim the bodice, and a side-slit skirt adds grace. Made at home, it saves for Victory Bonds.

INSTRUCTIONS FOR CLEANING RAW WOOL

Light, warm comforts may be made of wool for cold winter nights by cleaning raw wool on the farm.
Soft water is needed for washing the wool and medium-hard water can be made soft by the use of 2 tablespoons of sal soda to each 5 gallons of water. Use only the cleanest wool and only small amounts be put in the water at a time. Do not stir the wool while in the water as this causes it to mat.

Before the wool is put into the water, it should be picked apart and shaken to remove all the loose dirt possible. To help dissolve the fat in the wool more quickly, add a tablespoon each of ammonia and borax to each tubful of water.
At least three suds and several rinse waters will be needed to clean the wool. The first suds should be hot enough to be uncomfortable to the hand. The last two suds should be cooler than the first, and the rinse waters should also be warm.
Let the wool stand in the first suds about 20 minutes, in the second and third, for 10 minutes, and in the three rinse waters for 5 minutes each. The wool can be dried on wooden horses with the boards

How women and girls may get wanted relief from functional periodic pain

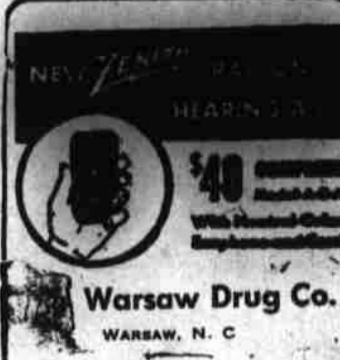

Cardui, many women say, has brought relief from the cramp-like aches and soreness of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, & thus help build resistance for the "blues" to come. Started 3 days before "your time," it should help relieve pain due to purely functional periodic causes. Try it!

STATE COLLEGE HINTS TO FARM HOMEMAKERS

By Ruth Current
N. C. State College

Taking care of a man's suit makes sense any time, but this fall brings special reasons for the care of suits. Suits are still made of wartime fabrics that need help from the wearers to keep them looking well and to give service. Here are a few reminders. Keep suits brushed. Get dust out of the folds and corners. Work with the grain of the cloth and use a good clothes brush. A suit properly brushed and hung needs less pressing. Hang coats squarely on broad wooden hangers of the wishbone shape for men's suits. When a coat is hung on a chair, take time to pull shoulders into shape over chair corners. If a coat must hang on a hook, hang it by the

loop at the back of the neck. Best way to hang trousers is upside down, using a hanger with clips. If trousers must be laid over the crossbar of a wire hanger, fasten cardboard or thick paper over the bar, to prevent a sharp crease. Check buttons for tightness once in a while. It is still not easy to match lost buttons. Trousers finished about one-half inch above the heels look and wear best at the lower edge. A strip of cloth or tape sewed just

"Me... I'm staying in the Army!"

THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!

- 1 "First, I keep my present grade. That means a lot.
- 2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.
- 3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get \$50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.
- 4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.
- 5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough at home with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.
- 6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. Added up—reenlistment seems pretty sound to me!"

JANUARY 31, 1946 AN IMPORTANT DATE FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1 1/2, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

PAY PER MONTH—ENLISTED MEN	Starting Base Pay Per Month	MONTHLY RETIREMENT INCOME AFTER:	
		20 Years' Service	30 Years' Service
In Addition to Food, Lodging, Clothes and Medical Care	Master Sergeant \$138.00	\$89.70	\$155.25
	or First Sergeant \$138.00	74.10	128.25
	Technical Sergeant \$114.00	62.40	108.00
	Staff Sergeant	96.00	62.40
	Sergeant	78.00	50.70
	Corporal	66.00	42.90
	Private First Class	54.00	35.10
	Private	50.00	32.50

THE CAR THAT'S REALLY NEW!

1946 OLDSMOBILE

OFFERING THE NEW GENERAL MOTORS HYDRA-MATIC DRIVE

NO CLUTCH PEDAL

Hydra-Matic Drive is a combination of a fluid coupling and a fully automatic transmission. Gears shift automatically through all four forward speeds, and there's not even a clutch pedal in the car!

WITH MANY NEW ADVANCEMENTS

"Look to Olds For All That's New!" Look to America's oldest motor car manufacturer for the newest, smartest thing in 1946 models—and the newest, simplest way to drive. The 1946 Oldsmobile, with General Motors' new and finer Hydra-Matic Drive, is here now—for all to come and see!

And it's truly NEW in every sense of the word. The appearance is different from any previous Oldsmobile—with newly tailored lines, smart new front-end design, and newly appointed Bodies by Fisher. The performance is new, due to smoother and livelier "Fire-Power" engines. There are many new advancements throughout

the chassis to provide greater ruggedness and reliability. Hydra-Matic Drive is new, too. First introduced by Oldsmobile in 1939, and thoroughly battle-proved in fast Army tanks during the war, this great General Motors development has now been made even finer, smoother, and longer lasting than ever... for the new 1946 Oldsmobile.

You are invited to come in, see and inspect this great new General Motors car. Oldsmobile has been building quality automobiles for nearly fifty years. This newest Oldsmobile is by far the finest—the best-built Oldsmobile of all time.
