How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come. Started 2 days before "your time", it should help relieve pain due to purely functional periodic causes. Try it!

RETONGA ENDS STEELE'S SEARCH FOR RELIEF

Eats Heartily Now, Sleeps Well And Feels Better and Stronger Than In Years, Declares Well-Known Resident. Discusses His Case For Benefit Of Others

MR. A. G. STEELE

"I almost forgot what it was to feel good and I felt so weakened that I had to rest even after a short walk, but thanks to Retonga I now feel so strengthened that I enjoy doing my chores," gratefully declares Mr. A. G. Steele, well-known resident of Route 1, Kuhl Ave., Orlando, Fla.

"Many days I could not eat as much in three meals as I should have eaten in one," continued Mr. Steele. "I had to force down everything I swallowed. I felt bloated after meals and often gas pressure up against my chest made me gasp for breath. I was too restless to sleep enough, and I woke up every morning feeling worn-out. Constipation often made my head swim and I felt like I was full of toxic poisons. I lost several pounds and nothing I tried seemed to help."

"Retonga relieved all distress and I now enjoy three hearty meals every day. I sleep well and feel stronger than in years. I have regained some weight. Friends tell me I now look like a different man. I hope others suffering as I did will try Retonga. It's grand medicine."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at the Kenansville Drug Store in Kenansville or at the Warsaw Drug Co., in Warsaw. -Adv.-
