## Do You Eat Your Way To Health?

By Hilda L. Clontz, Home Agent

All kinds of food are good, but for health we need variety. Our bodies are made of many materials which must be supplied in the food we eat. We must have foods that yield energy, foods that supply the materials for growth and upkeep, and foods to keep our bodies in good running order.

Do you follow the basic 7 when you plan your meals? The Basic 7 food charts is a guide for eating the right foods.

Check your meals against these rules:

1. Leafy, green, and yellow vegetables. One or more servings daily.
  2. Citrus fruit, tomatoes, raw cabbage, and other high vitamin C foods. One or more daily.
  3. Potatoes and other vegetables and fruit. Two or more servings daily.
  4. Milk, cheese, ice cream. Children through teen age 3 to 4 cups per day. Adults, 2 or more cups.
  5. Meat, poultry, fish. One serving daily, if possible. Eggs, four or more a week. Dried beans, peas, nuts, peanut butter, two or more servings a week.
  6. Bread, flour, and cereals. (Enriched or fortified) every day.
  7. Butter and fortified margarine, some daily.
- The health of Duplin County will be better if you follow the Basic 7 when you plan your garden, when you can your food.

## A Smile

Did you ever think of a smile as a wonderful gift from God? I think it and I want you to think about this too.

Why do we always smile back at us. Yes I think a smile is wonderful because:

A smile indicates a sign of happiness, a sign of friendliness, and also a sign of willingness to give to the world the best we have, which is to say the best service we can.

Now, what is saved by going around looking as if we haven't a friend and the world is down on us? When we can have friends by wearing a smile and having the spirit within our hearts that a smile indicates.

So let's give smiles instead of frowns.

Lillie Mae Jones, Beulaville.

with Easy Food Storage Control

It's a well-known fact that FROZEN FOODS COOK FASTER—this is true of all foods, such as vegetables, meats, fish and poultry. Freezing tenderizes them, yet they retain their nutritive values and original freshness. Many "ready-cooked" dishes are available at your grocer's, such as chicken a la king, spaghetti, beef stew, chili con carne, chop suey, Boston baked beans and brown bread, or you may prepare and freeze these and many other "ready-cooked" taste treats for your family to enjoy any month of the year.
