## Uncle Sam Says

Abraham Lincoln's birthday should be a reminder to my nieces and nephews that they have the opportunity to emancipate themselves from future insecurity by buying United States Savings Bonds regularly. Every time you buy a bond you've added something to the future you're creating—a home, an education for your children, a secure old age for yourself. Every signed payroll savings authorization card is a personal emancipation proclamation—emancipation from the slavery of a future hand-to-mouth existence. Every regular purchase of a Savings Bond at your bank, post office or where you work is another step toward future happiness.
