**National 4-H Club Week Mar. 1.**  
National 4-H Club Week will be held March 1-9. The main theme will be "Working together for a Better Home and World Community."

The 4-H Club had its origin in the State of North Carolina more than 25 years ago. It grew from a small corn club, organized by a group of rural boys into the largest youth organization in the world. In North Carolina alone there are 1800 individual clubs and more than 93,000 members.

Now that the war is over the 4-H Club can truly say that it did its share to help win it. But that is not the end of the job for us. We now have a peace to preserve and the 4-H Club will certainly do its part by keeping production figures rising and by spreading modern agriculture and the art of rural living to every farm in the nation.

### Seed Sweet Potatoes:

Several farmers have found it profitable to grow a few acres of commercial sweet potatoes each year. They are selecting their seed from the best quality disease free seed stock available. Arrangements have been made for Duplin County farmers to secure certified Louisiana Strain Copper Skin Porto Rica Seed Potatoes. These seed stock are being shipped directly from Louisiana to North Carolina. They will cost \$5 per bushel delivered to Kenansville in lots of 100 bushels or more. Any grower who would like to get some of these certified seed sweet potatoes, may do so by placing their order for the amount wanted at the County Agent's Office not later than Thursday, March 6. The terms of the Supplier of these seed potatoes are cash with order, therefore, any grower desiring some of these seed should send check along with his order to this office. Growers who prefer making direct contact of the suppliers of these seed potatoes may do so by contacting Mr. N. F. James, Carolina Plant Farms, Bethel, N. C.

### NEED OF FARM BUILDINGS CITED

The crying need for better farm buildings has been cited by the Agricultural Department of State College.

Poultry houses of various kinds are much in demand as are two types of other buildings, that of grain houses and sweet potato storage houses, each of which require careful consideration as to location, design and construction.

They suggest at the College that farmers decide what plan is needed then consult their county agent.

### No Compromise

#### Will Be Satisfactory

From the very beginning of their fight to separate the Game and Inland Fisheries Division from the State Department of Conservation and Development, the North Carolina Wildlife Federation have insisted that no compromise would be satisfactory.

The Federation claims that the State Department of Conservation and Development had ample time in which to show that it was equipped to achieve results, and that it

utterly failed. They have stood pat all along for complete separation and when their bill last week overwhelmingly passed the House they pointed out that this indicated the public was behind them.

## An Idea Is Offered To Clubs

The following idea was submitted by a Home Demonstration Club member of Duplin County:

### A BARGAIN BOX

To have a bargain box is simple. Just ask each club member to come to the next meeting and bring a nice but inexpensive gift, such as a dresser scarf made from two feet bags, pillow cases, dish towels, aprons, clean print feed bags, a piece of print cloth, men's socks, soap, quilt pieces, etc. This gift is to be wrapped with the name of the gift on the outside, but not the name of the giver.

After each gift has been placed in the bargain box, the gifts should be unwrapped and a price set on each item. This can be done by each member placing a bid on the gift as if it were to be sold to the highest bidder. In this way you find out what each item is worth. Then a list should be made out with the name and price of each article, and the list should be totaled.

Let each member have a list and place a large cardboard list in each neighborhood store asking people to buy a chance on the bargain box and inviting them to go to some certain place and see the box of bargains. It would be nice to display the bargain box in some

store window, making the box and window as attractive as possible with the club colors.

Each club member and also the store manager should be asked to sell as many tickets as they can before the next club meeting. At that meeting names will be put into a box, shaken up, and a name drawn. The name of the person drawn will be the lucky one to receive the Bargain Box free.

If a box of this kind is made up and topped with five or ten pounds of sugar, donated by each club member by each giving one or one and one-half cup of sugar, you will see how easy it will be to sell tickets at ten or twenty-five cents a chance. If the winner of the box is not present when their name is drawn from the box the Bargain Box should be sent to them. Make The Bargain Box!

Worthwhile. And Try It. Buy It. And You'll Enjoy It.

## Wagstaff Captures Would-be Murderer

James Staten, negro, from the Charity Crossroads section was captured at 3:00 A. M. Thursday while asleep in a cabin seven miles below Jacksonville on the New Bern highway. Staten was discharged from the roads thirty-five days ago after having served two years for shooting another negro.

Deputy Wagstaff said he received a clue on the whereabouts of Staten and worked all night Thursday night in an effort to capture him. When he entered the cabin at 3 in the morning, Staten was asleep on the upper bunk of a two decker bed. He grabbed him, slapped hand-cuffs on him before Staten had an opportunity to make any resistance.

Staten was arrested on a capias issued last term of Duplin County Court. A Deputy sheriff of Onslow County aided Wagstaff in the arrest. He is charged with an attempt to murder his wife.

## Duplin Fryers Production Up

A near-record production of broilers and fryers, plus crowded storage space will send heavy quantities of the 2 to 3 1-2 pound birds to market during the next four or five weeks, Joe E. Sloan, Chairman of the Duplin County AAA Committee said this week.

Sloan explained that in effort to help move the heavy crop of birds without material loss, the U. S. Department of Agriculture has listed broilers and fryers as plentiful foods for the month of March. Housewives, hotels, and restaurants have been urged to increase their consumption of chickens and thus help growers to maintain a smooth flow of poultry from producers to consumers until the flush season is passed.

U. S. Department of Agriculture estimates indicate a national market supply of some 20 million pounds of broilers and fryers a week from early February to mid-March, with a peak of about 23 million pounds the latter part of this month.

"An ample supply of whole, dressed broilers and frying chickens should be found on most markets for the next month, and for the most part at economical prices," Sloan said.

## President Truman Wins Laffar; 4-H Club Week Be Held Next Week

College Sta. Raleigh, Feb. 25—In connection with the annual observance of National 4-H Club Week, which begins Saturday and ends March 9, President Harry S. Truman has issued the following letter through L. R. Harrell, State 4-H Club leader for the State College Extension Service:

"To All 4-H Club Members:

"It gives me great satisfaction to know that from March first to ninth nearly two million of you 4-H Club members will be observing your annual 4-H Club Week. You are to be congratulated especially on your 1947 theme, 'Working Together for a Better Home and World Community.' The challenge is great, but because of your past records of achievements we have faith that you will accomplish creditably the 1947 goals which you have set for yourselves.

"We are proud of your 4-H Clubs which are spread across our great nation. They constitute an outstanding body of youth aiming to attain worthwhile goals in life. With the help of the Extension Service of the Department of Agriculture and the State agricultural colleges, together with many voluntary cooperators and local

leaders, 4-H Clubs have become an outstanding influence in developing the cultural, social and recreational, as well as the practical aspects of modern rural life. As a character-building influence they are unsurpassed.

"We take satisfaction also in the fact that 4-H Clubs are based on each club member doing a useful piece of work on the farm, or in the home, or community under skilled guidance and doing it in the best way known to research and practice; that 4-H Clubs are democratically organized and conducted, with programs based on individual and community needs; and that as members of these clubs, you are concerned with work important to the citizenship.

"My best wishes for a successful 4-H Club Week this year."

(Signed): HARRY S. TRUMAN.
