100th Anniversary Birth Of Telephone To Be Observed

The 100th anniversary of the birth of Alexander Graham Bell,

inventor of the telephone, will be marked by a special "Telephone Hour" broadcast over the National Broadcasting Company and Station WPTF on Monday, March 3, from 9 to 10 o'clock p. m.

Special guests on the broadcast will be Helen Traubel, America's leading Wagnerian soprano; Jascha Heifetz, famed violinist; and Raymond Massey, famous actor, who will serve as narrator for the

program. A special radio skit on the great inventor will be presented, featuring the same actors who played the parts of Bell and his assistant, Mr. Watson, in the motion picture "Mr. Bell." Donald Voorhees will conduct the Bell Symphonic Orchestra in a group of American pieces honoring the man whose vision grew into the great industry which he dedicated to the service of America. "The Telephone Hour" is heard each Monday night at 9 o'clock over Station WPTF -- 680 on the dial.

a drop from the 517 registered for December. January fines amounted to \$2,327.30, and court costs, \$2,319.02.

Hunting without license, as usual, was the most frequent violation. 134 hunters were picked up on this charge. 30 more for hunting with unplugged guns, and 18 for hunting out of season. Heaviest penalties handed out were for fire-lighting deer, of which nine persons were convicted.

BRANDS ARE IMPORTANT!

Sailors in the old days always could tell the name of a sailing ship which had weathered many ocean trips by the figure carved on the prow of the boat. It was the ship's brand. Likewise—the name on a brand-named advertised product in our store makes it easy to tell your favored and proven product.

★ FOR THEIR SAKE ★

Let's Make North Carolina The Number One Health State

North Carolina ranks among the nation's most progressive states, but one long unanswered need—good health—still poses a challenge. We are desperately short of hospitals, doctors, and other health personnel. We can get them with the Good Health Plan, arrived at after three years of careful study and now presented by the North Carolina Medical Care Commission for action by our legislators. The opportunity is here, now, to make North Carolina the nation's number one health state instead of 42nd. For the sake of our children and the generations to follow, we must act fast!

The North Carolina Good Health Association

This Good Health Plan is the result of the Good Health Study Commission, which was created by the General Assembly in 1943.
