## In Memory Of

**Betty Williams Matthew**

The death angel visited the home of Mr. and Mrs. Leroy Winley on Feb. 17, and called Aunt Betty to our midst. Aunt Betty had her home with her niece, Mrs. Winley, for several years. Although she was crippled and worn with pain, Aunt Betty would

always sing and play games with the children all through the day. A bible story, they would say, she would sing and clap her hands and say "children Christ died on the cross" — so Aunt Betty we know your soul is not lost. You are at rest with Mother and Dad, your pain is over, and all the sorrow you ever had.

Sgt. Milton Quinn

One year ago Sgt. Milton Quinn was killed in an automobile accident at Langley Field, Va. Milton it is sad and lonely here without you. But as I stand and look at your picture today it does not seem you are so far away. Your smile is still with us, also your many kind words. Your presence was enjoyed with the greatest of love. You are at rest with Jesus in Heaven above. No pain or sorrow, only love. You are a beautiful shining light. God wanted you where there was no night.

Lura Bostic, Beulaville.

## Beulaville Bugle

By BOB

Since my Doctor forbid me to drive due to a condition of my heart, (or was it my stomach?) I have had ample opportunity to study the driving techniques of several chauffeurs, and it always strikes me strange that the left hand side of a dirt road is always the smoothest, both coming and going.

Jim D., and Charlton have gotten off to a flying start with their new cleaning and pressing plant. Beautiful equipment and up-to-date methods will be sure to put them on top. Good Luck Fellows.

And Beulaville grows steadily on. Bells of St Marys, with Bing Crosby and Ingrid Bergman, followed by Gallant Journey, with Glenn Ford and Janet Blair, will make up for that stinker we had Sunday before last at "you know where" (I love those words).

Not much response so far from the surrounding communities about the Baseball situation mentioned in last week's Bugle. Let's get together and frame a league (?) the address to those interested is: Larry Bostic, Beulaville. Incidentally Larry's new house is coming along fine, and it's really a big one, when I asked Stokely about it he said Larry expects to have a big family some day and will need plenty of room, that's fine, and he (Larry) already has a good start on both the family and the house. Good Luck Larry, Yeahhh - - -

Talk about the extensive experiments necessary for the Atomic

Bomb, you should see some of the experiments in our house. Margie's new Butane stove and cook-book are really getting together, don't know which is going to hold out the longest, my digestion or her enthusiasm, but here's hoping, it would be nice to go back to just plain collards and ham, but I admit hot biscuits really hit the spot.

These March winds in February have had me worried about my friend Hayworth in Pink Hill, manager of the Playhouse, (have to give a friend a plug once in a while) of course it isn't fair to slight Duplin in Warsaw, Fin Lee manager and a fine fellow, and the Fashion, in the town of the same name, understand it is under new management lately, Dennis Ramsey has a very nice house in Rose Hill, and possibly the oldest theatre in Duplin County is located in Wallace and is operated by Cary Caudell and he gets the hot ones. O. K. fellow managers, don't say I'm stingy with my space. (Here's wondering how many of them read this column anyway.) Good Luck fellows, knowing of course that when luck's good with you it will be good with me too.

If anyone has a BIG cat they want to get rid of, one that is bigger than the rats I have, bring him around, it's beginning to look like we are going to have to move out and give the place to the rats, in spite of the exterminator service we have. - that's it for now. Good luck.
