Stunt Night

On Friday evening in the school auditorium, Stunt Night was held. Mr. J. E. Jerritt, master of ceremonies, announced the stunts and kept everything moving in a lively manner. The program was opened with a baby parade with Master Julian Westbrook winning for the babies and Miss Sandra Jones winning for the little grown ladies.

A stunt was then presented by each grade in the school. Every grade gave a most amusing and well presented stunt (and this is strictly off record, your reporter would have hated to have been a judge). Three prizes were awarded: Primary grade, Mrs. Louise Mitchell, teacher; grammar grade 4, Mrs. L. F. Weeks, teacher; and high school grade, 12, with Miss Louise Ellis, teacher. Cake walks were enjoyed after the program.

A MESSAGE FROM THE SECRETARY OF WAR

How you can help YOUR ARMY DO ITS PART FOR PEACE

With the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistments for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace - all are bound up in this decision.

This is your Army, and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily - to do his part in carrying out your country's world-wide obligations to build a peace that will endure.
