### Uncle Sam Says

"Where on earth did my money go?" How often have you voiced this question, half in wonder, half in dismay! It's so easy to fritter away ready cash. A dollar here—and a dollar there—and in the end nothing to show for it. And yet saving for the things you want—a new home, travel or future security—is easy and effective simply by allotting a portion of your income either through the payroll savings or by arrangement with your bank for the systematic purchase of United States Savings Bonds. Dollars go, your bonds grow. When you buy Savings Bonds regularly, you are building the nest-egg for whatever you've set your heart on.
