Colored News

The 11th Home Demonstration Club in Duplin was organized recently in Byrd's Chapel community. Mrs. Nanaus Huffman was elected president with Mrs. Lillie Coopening as vice-president; Mrs. Lu-della Robinson, secty.; and Mrs. Q. L. Herring as treasurer. A total of 18 members attended the first meeting, held at the home of Mrs. Coopening. The group decided upon the name Byrd's Chapel Home Demonstration Club. The Home Agent presided and led the group in singing. She then discussed purposes, policies, and the program of N. C. Federation of Negro Home Demonstration Clubs and distributed copies of the year book.

For their first demonstration the Home Agent discussed "Food Production."

The Kenansville Colored High School Faculty was honored with a barbecue supper given by the PTA April 21. The president, Mrs. Sam

Stackhouse is striving to make the PTA a better one for the benefit of the Negro race of the future. The Faculty was very grateful and a rising vote of thanks was extended.

ANOTHER CUT IN SIGHT FOR WATERFOWL SEASON

Last year's regulations, which the U. S. Fish and Wildlife Service rated the most drastic in history, cut the shooting period from 80 to 45 days, reduced the duck bag limit from 10 to 7 a day, and lopped half an hour from the shooting hours. Now, word comes that a clamp-down, but not a complete shutdown, on the shooting probably will be necessary. Estimates were based on an inventory, made last January at the close of the shooting, which puts the North American population of ducks and geese at 54,000,000, or 26,000,000 fewer than in January, 1946. This is the greatest one-year decline in the waterfowl population on record.

55-DAY TROUT SEASON IN MANAGEMENT AREAS

A fishing season which will offer a schedule of five days a week in trout streams of the cooperative wildlife management areas of Piggah and Nantahala National Forests has been worked out by the N. C. Division of Game and Inland Fisheries and the U. S. Forest Service. The full schedule, a list of checking stations, and information on how to reach the areas may be obtained by writing the Asheville

Office of the Division of Game and Inland Fisheries, Law Bldg., Asheville, N. C.
