COMING NEXT WEEK Year's Most Enjoyable Picture "THE JOLSON STORY"

Southern Farm **Market Summary**

Slaughter steers and heifers, gr ding common and better, sold at steady prices. Lower grade animals were most numerous, but prices steady to weak. Calf marketings were on the increase.

At Nashville, a few choice grade heifers and good grade steers sold at \$25 a hundred pounds.

Hog prices held at the high levels reached last week with additional advances of as much as \$1 in the deep southeast.

Cigarette type grades of tobacco on the Ga.-Fla. markets strengthened in price and were in best demand late last week. Quality of marketings continued good Daily gross sales ran about 8,000,000 lbs, reaching 40,455,810 through Wednesday. Season's average price on Wednesday was \$44.50.

Live poultry supplies were about equal to damand.

Carolina crop was moving in heavier volume. Watermelon shipments dropped sharply.

Cotton prices dropped 155 points, or \$7.75 a bale last week.

State College **Answers Timely Farm Questions**

remove the oil. However, if there is but a small amount, pumping will probably remove it. There will be no serious damage done other than altering the taste and staining of white clothes that are washe with water from the well.

Q. How can I control domestic

A. Eliminate all breeding places such as old empty cans, bottles jars, old tires, and everything that contains stagnant water, and all that cannot be eliminated should be covered, such as cisterns etc.

Dorothy Thompson To Speak At Farm & Home Week

Miss Dorothy Thompson, noted columnist and world traveler, will speak in the Raleigh Municipal Auditorium during Farm and Home Week. She will speak on the-morning of August 29.

Miss Thompson has written several books: including "Listen Hans, I Saw Hitler," "Refugees," "The New Russia," "Political Guide," "Once On Christmas," and "Let The Record Speak."

Enlistments For Europe Open

White former servicemen of the Army, Navy, Marines or Coast Guard may enlist in the U. S. Army for initial assignment to the European Command, provided they enlist in the grade of Staff Sergeant or lower. This will be good news to many former servicemen who desire duty in Europe. For quite some time now, the European Theatra has been closed to enlistments.

An one interested are urged to call or write the Army Recruiting Sub-Station, Odd Fellows, Building, Goldsboro N. C.

P. J. C. Gets **Govt. Building**

constructed as a library building Q. What can I do to prevent oil that is accidentally spilled into a well?

A. There is no chemical that will by the FWA. The building was taken down in peacle so as to facility. ken down in panels so as to facilitate reconstruction. Plans are to rebuild as a two story library with outside dimensions 30 X 75 feet and finish in brick veneer. The work will be pushed as far as pos-sible by the opening of the fall emester on Sept. 5.

Weekly Tobacco **News Report**

Prices during the 2nd week of sales on the Ga.-Fla. flue-cured markets were generally stronger on medium to better quality grades. Leaf, cutters, and fair to fine lugs ranged from \$1 to \$7 per hundred. Most gains were around \$2 to \$3. Although good cutters averaged a high of \$55, an occasional basket sold for \$58 which was tops for the week. A few lower leaf, lug, and priming grades dropped 50c to \$7.50 but had but little bearing on the market as the volume on these was limited. The bulk of sales ranged from \$40 to \$53.

As a result of the better demand the average on most of the cigarette type grades went over the CCC support level. The receipts of the Flue-cured Stabilization Corporation declined accordingly. Deliveries were estimated to be 10% of sales as compared with 17% last

The general quality of the tobacco sold did not measure up to that of the first two days of the season. However, it still compared favorably with the good quality of early sales last year.

Cash income of N. C. farmers in 1946 was about 20 per cent higher than in 1945, it was reported by the Federal-State Crop Reporting Service of the State Department of Agriculture.
