Federal Gas Tax More Monthly Than Total Federal Revenues In 1847

Raleigh, Aug. 30.—Each month the federal gasoline tax costs American motorists substantially more than the total annual tax receipts of the national government a hundred years ago, according to S. G. Sparger, Executive Secretary of the N. C. Petroleum Industries

Manteo. Out of town guests here for the Grady-Outlaw Reunion held at B. F. Grady School on August 30, included Mr. and Mrs. Henry Grady and daughter, Jeffrey Ann and Miss Myra Maxwell of Raleigh, Mr. and Mrs. Joe Mewborn and daughter of Savannah, Ga., Mrs. Leslie Horton of St. Louis, Mo., Mrs. Celia G. Sutton of Durham, Miss Sarah Ann Maxwell, Richmond, Va., Miss Emileigh Maxwell, Norfolk, Va., Mr. and Mrs. S. J. Maxwell, Austin Texas, Mrs. Lytleton Maxwell, Winston-Salem, Mr. Frank Grady, New York City.

Committee. He made this comparison in a statement in which he urged that the federal gasoline tax be repealed.

He pointed out that receipts from the 1½-cent federal tax on each gallon of gasoline have averaged \$32,500,000 a month for the first 5 months of 1947, while for the entire year of 1847 receipts of the federal government from all revenue sources amounted to only \$26,495,769.

"My point is," he added, "that the motorists as a class are today bearing a larger share of federal taxation on just one product alone in just one month than was borne in a whole year by all taxpayers of the nation a century ago. And this doesn't even take into consideration the other federal taxes on lubricating oil and motor vehicle parts and equipment."

Faced with a National grain supply that will be 700 million bushels short of last year's production, North Carolina dairymen are asked to grow more fall and winter pastures.

Uncle Sam Says

Exactly how much have you saved in the last 12 months?

If you can't write a good big figure in the space above then you'd be smart to adopt a method of savings that millions of Americans have found to be absolutely sure fire. This method is the regular buying of United States Savings Bonds. People buy Savings Bonds now on two convenient plans. If you are on a payroll, through the Payroll Savings Plan. If you are a professional man or woman or self-employed, through the Bond-a-Month Plan at your bank. By signing up on either plan, twelve months from now you will be able to write a nice healthy sum in that space up above.
