Uncle Sam Says

Many tributes will be paid newspaper boys on annual Newspaper Boy Day this month. Thousands of newspaper boys are members of thrift clubs, sponsored by the International Circulation Managers' Association. Perhaps no greater honor will come to these boys than to point them out as school boys who are demonstrating how to go into partnership with their Uncle Sam in building a growing fund for future education. By investing their newspaper boy earnings in U. S. Savings Bonds regularly, they are getting their Uncle Sam to pay part of the expense. Your bond officer or banker will explain how regular bond buyings can provide four years of college education, one year of which will be paid for by your Uncle Sam as interest on your investment. U.
