## Music Club Meets

The Kenansville High School Music Club met in the auditorium on Jan. 18 with Steve Gooding and Miss Hilda Brinson, program leaders.

The following program was given: Talk - "The Life of Beethoven" by Mary Beth Southerland. "Night" theme from symphony No. 7 - Beethoven - by Mary Sue Burch. Theme from symphony No. 5 - Beethoven - by Sally Newton. "Lullaby" - Brahms - by Marjorie Jones. "Wishing Star" - Thompson - by Emory Sadler. "The Jugler" and "From A Wigwag" - Thompson - by Rebecca Grady. "Country Gardens" - Grainger - by Barbara Mitchell. "London Bridge" - Richter - by Jean Weeks. Duet - Williams - by Hazel Parker and Lydia Lathan.

## Sewing Club

Mrs. P. J. Dobson entertained members of the BMG Sewing Club Tuesday evening with Mrs. Bess Hines and Miss Lula Hinson as visitors. Sweet breath of spring and jonquils were used for decoration. After the usual sewing bee a social hour was enjoyed at which time the hostess served a delicious sweet course.

## PTA Meets

The Kenansville PTA was opened Monday night by the president, Mrs. E. V. Vestal and a yearly report by each committee chairman was heard. Mrs. Mary Southerland made a report on the Stanley Party that was held announcing that \$15 was cleared which is to be given to the lunch room.

The nominating committee gave the following report of officers for the coming year: President, Mrs. E. V. Vestal; Vice President, Mrs. N. B. Boney; Secretary, Mrs. W. M. Ingram; Treasurer, Mrs. Robert Hollingsworth; Historian, Mrs. L. Southerland.

A most impressive program on Founder's Day of the PTA was given under the direction of Mrs. Emory Sadler. A sketch of the life of Mrs. Alice M. Berney, founder of the PTA, was given by Mrs. N. B. Boney and her co-founder's life, Mrs. Phoebe Hurst, was given by Mrs. A. T. Outlaw. Miss Mary Will-

iams read the objectives of the PTA in dedicating the four corner stones of the organization, which were represented as follows: cornerstone of the Home, Mrs. D. S. Williamson; cornerstone of the School, Mrs. E. C. Tyndall; cornerstone of the Church, Mrs. Louise Mitchell; and cornerstone of the Community, Mrs. Walter Stroud. As each took their place they lighted a candle which represented the cornerstone and placed it around the birthday cake. Mrs. E. A. Newton represented the spirit of the PTA; Misses Frances Jean Tyndall, Cella Lanier, Mary Susan Burch, and Theo Hollingsworth accompanied by Betty Whitfield at the piano sang "My Tribute". The program was closed by a devotional service conducted by Rev. J. G. Morrison.

After the meeting the guests were invited to the Home Economics rooms to be served refreshments. The room was decorated beautifully with arrangements of quince, sweet breath of spring, magnolias and burning tapers. The table was covered with burning white candles flanked with arrangements of greenery and flowers. Mrs. G. V. Gooding, chairman of the Hospitality Committee, cut and served the cake and Mrs. E. V. Vestal poured coffee.

## Soaring Installations in Heating Problem Here This Winter

Postwar spurt in oil burner installations brings sudden 89% increase in fuel oil use, as above chart shows.

THE postwar yearly installation rate of oil burners has more than tripled that in any decade before the war, the Oil Industry Information Committee said today. It made the statement in commenting on the factors that have created an all-time high demand for petroleum and a critical fuel situation in this area as abnormally cold weather has swept the nation.

The committee warned local residents that even with an early break in the winter, it will still be important for consumers to continue to save oil in view of the record demand, and the depletion of stocks in storage caused by the weather already experienced. In the Midwest the first half of the winter ranged from 7 percent to 22 percent colder than last year, while in the East, it was from 18 percent to 29 percent colder.

There have been, the committee said, increases as high as 511 percent since 1941, the last prewar year, in the number of oil consuming units of different types, upping the demand for all petroleum products. The 511 percent increase, it explained, was in Diesel installations.

In the oil burner field, installations for the postwar period have exceeded a half million a year as compared with less than 150,000 in the period 1931-1940, which showed the highest previous installation rate. The result has been an in-

crease in demand of 89 percent for the type of oil used for home heating.

Other factors cited as increasing demand for all major types of petroleum include an increase of over two million motor vehicles in 1947 compared with 1941; a 51 percent increase in the number of tractors on farms and a jump of 174 percent in the number of liquefied petroleum gas users.

Since last May the industry through its information services has sought to keep the public aware of the situation that was developing and companies in the industry have informed home owners that they should install oil burning equipment only when an assured oil supply was available.

Some of the methods undertaken by members of the industry to meet critical conditions this winter include adoption of a seven-day week loading and unloading of tank cars; increasing the amount of fuel oil produced per barrel as compared with other products; and sustained operation of processing plants by shortening scheduled shutdowns for repairs and cleaning.

Despite postwar shortages of steel and other materials, the committee said, the industry is striving to complete a four billion dollar expansion program by the end of 1948. In the meantime, it has embarked on a program of promoting efficient use of petroleum products.

for the benefit of the School Lunchroom. She reported that there would be a profit of around \$15 instead of only ten that was reported last month.

A letter was read from Mrs. J. L. Blair Buck, President of the General Federation of Woman's Clubs (of Washington, D. C.) regarding the endorsing of the Marshall Plan (or European Recovery Program). After a discussion on this subject led by Mrs. C. B. Sitterson, a motion was made and carried to ask Mrs. N. B. Boney to compose a letter to Congressman Graham A. Barden, whom most of us know personally and ask him to do all he can to promote same.

It was included in the motion that all members sign letter, more like a petition rather than just the officers of a committee.

After the Secretary read a letter concerning the rebuilding of the Club House for the Philippine Women, a motion was made and carried to send another Jollar to help on this project, in order to supplement the dollar we sent off last July.

Mrs. J. E. Jerritt, chairman of the Nomination Committee, gave a report advocating the reelection of all present officers, since they each went in new last year and only served one year. This report was gladly accepted.

Mrs. F. W. McGowan chairman of the Fine Arts Department of the local club gave a program on poetry. She read a number of poems that had been composed by some of her former English students during the five years she taught school at B. F. Grady. She was later assisted by Mrs. W. M. Brinson and Mrs. J. G. Morrison in serving cookies and coca colas to those present.

The meeting then adjourned until

the last Thursday in March when it was decided that the executive committee would make plans to celebrate their 24th anniversary.

## Honored

Mrs. Grace Vann was hostess to the members of the Welfare Department and Red Cross office Saturday evening when she entertained most graciously at a dinner party at her home in Clinton honoring Mrs. Inez C. Boney's birthday which was Sunday, February 29. Her home was ensuite for the occasion and decorated most attractively with arrangements of early spring flowers. A delicious turkey dinner was served and the honoree was showered with lovely gifts.

Again on Sunday afternoon Mrs. Boney was showered with lovely gifts from various people of the Town of Rose Hill.

## Celebrates 10th Birthday

Marjorie Deane Jones celebrated her tenth birthday Saturday at the home of her parents, Mr. and Mrs.

Roscoe Jones, with a party. Pink and white ice cream, birthday cake and pink lemonade were served by Mrs. Jones, assisted by Mrs. Jim Bowden and Mrs. Buck Farrior. Each guest received a favor. Guests were Barbara Mitchell, Carolyn Bostic, Linda Sitterson, Dianne Stokes, Millie Burch, Jimmy Bowden, Billy Farrior, Betty Ingram, Jimmy Jackson, Patsy Quinn, Emory Sadler, Patricia Bell, Carol Burgess, Yvonne Patterson, Joyce Adams, Johnnie Daughtry, Steve Jones and Betty Lou Grady.
