Atlanta, Ga. - Bishop Angie W. Smith of Oklahoma City opened the 1948 series of The Methodist Hour kaoio Program on Sunday morning, April 4 at 8:30 A.M. He chose for his subject "The Power of God for Salvation."

The Methodist Hour program will continue during April, May and June., as this time has been allotted to the Joint Radio Com-mittee of the Southeastern and South Central Jurisdictional Councils by the Southern Religious Ra-

This is the third year of this network program and the increa number of stations carrying the program is an indication of the need that has been existing for this type of co-operation activity.

In 1948 The Methodist Hour will be carried on an independent network of 65 stations in 17 states and the District of Columbia. These programs have a possible oming week as National Sunday listenership of more than 60 per cent of the members of the Method Carolinians to support programs of ist Church, and an estimated audience of 3,000,000 are listening to the Baptist Hour.

POULTRY DISEASE CAN BE CURED

Good management practices will reduce cocidiosis in young chickens, one of the major problems in the poultry industry. The disease, found in all sections often result in high mortality among birds in an infected group. While no program can be developed which would guar antee a poultryman that coccidio sis would not occur, there are certain conditions of management which will aid in keeping down the disease. Such measures primarily concern good sanitation.

'Hap'' Barden Says No To Foreign Aid

Washington - All but two North Carolina Congressmen voted in favor of the 6.2 billion dollar foreign aid bill in the House.

Veteran legislator R. L. Doughton and Rep. Graham A. Barden were the only ones who did not vote for passage of the measure. Both of these agreed that the measure was nearly likely to lead the nation to war as to peace.

Rep. Barden said he had never seen such a lack of enthusiasm for the bill or such an aggressive minority opposing the bill. He said quite frankly that he was afraid administrators of such a program could easily foul it up and turn its purpose from peace to war. Barden went on to say, "If hostility should come, I had rather meet Uncle Joe with five billion dollars worth of airplanes rather than a handful of receipts for a five billion dollar
