BEER—America's Beverage of Moderation

# SUCCESSFUL

Because It Helps You!

Solid success has rewarded our program to raise the standard of beer retailing in our state—success, we feel, that stems largely from the benefit it brings the North Carolina public.

Such a program aids law-enforcement agencies in controlling the few dealers who do not conform to the laws you have made. It serves by safeguarding the millions in taxes contributed by the brewing industry to our State treasury and to the counties and municipalities wherein beer is licensed to be sold. It reduces the problems of licensing and regulation.

A program good for you is good for us, too. And we gladly affirm that the cooperation you are giving is our strongest support.
