HERE'S HOW North Carolina Cities, Towns and Counties are using BEER TAX REVENUE

Last November, \$1,784,821 in beer taxes (representing July, August and September collections) was distributed to North Carolina municipalities and counties wherein beer is licensed to be sold. How is this money being used? The results of a recent survey hold great interest for the State's taxpayers:

Twenty-six municipalities and 26 counties report that the new beer revenue would enable them to REDUCE TAXES, and three other counties said it would help in that direction. Thirty-four municipalities and 34 counties indicated it would aid in PREVENTING TAX INCREASES. Other welcome uses included MEETING INCREASED EXPENSES and APPLICATION ON DEBT SERVICE.

In some instances, EXTRA CITY AND RURAL POLICEMEN are being employed from the funds, resulting in improved law enforcement.

Other uses include STREET IMPROVEMENTS, PURCHASE OF EQUIPMENT, and SANITARY SEWERAGE EXTENSION.

SCHOOL BUILDINGS are being planned, SCHOOL EXPENSES met, and county HEALTH AND WELFARE programs financed!—from beer tax revenue.

Other constructive utilization of these funds includes: COUNTY LIBRARY BUILDING, NEW FIRE STATION, COURTHOUSE ENLARGEMENT, PURCHASE OF PROPERTY for county purposes.

And so on—an impressive array of sorely needed services and facilities made possible by the apportionment of beer tax revenue to towns, cities and counties licensing the sale of beer.

USING 1947 beer taxes as a basis for estimate, nearly \$4,000,000 of this "bonus" revenue is anticipated for North Carolina municipalities and counties this year—money that will relieve the burden of hard-pressed taxpayers. Safeguarding these millions is an objective of the Self-Regulation Program of the North Carolina Division, U. S. Brewers Foundation. You help us mightily when you give your patronage only to those beer retailers whose places of business reflect complete respect for North Carolina law and North Carolina civic and social standards.
