Performs great...

To keep your car going great... make a date to OIL-PLATE with Conoco Nth Motor Oil!

A special, added ingredient in Nth oil (Patented) fastens extra lubricant magnet-like to your engine's working parts. So strongly is this extra film attached to cylinder walls, it won't all drain down, even overnight!

That means your engine's fine-finished metal surfaces are extra-protected from corrosive combustion acids... from destructive "dry" friction starts. You're extra-protected, too, from power-clogging sludge and carbon.

For great performance, full-time protection, more miles per quart, make a date for...

...an OIL-PLATE!
